

'GOLDIE' SAVES THE DAY—Washington's milk strike didn't affect the milk supply of Rep. Edwin A. Hall (R., N. Y.). Hall's Jersey cow, "Goldie," supplies the family, including six children, with 20 quarts of milk daily. The con-

gressman and his youngest boy, Richard, 10, are enjoying a glass of milk fresh from the faucet while the kitty named "Panther" awaits his turn.

Big Rain Saves Nevada Town As Fire Rages

VIRGINIA CITY, Nev.—(AP)—A providential rain early today saved this once sinful mining town from destruction by fire.

It came as flames raced through the tinder-like old wooden buildings and plank sidewalks. There wasn't much firemen could do because there was scarcely any water in the mains of this parched town.

Three old buildings, the Wells Fargo Express Co., postoffice and the old George T. Myer building, went up in crackling flames. They escaped the big fire of 1875.

The fire started from chimney sparks. A high wind whipped the flames. It looked for a while like the whole old ghost town would be destroyed.

Then suddenly came the rain, a virtual cloudburst. Sudden flames were snuffed out.

Firemen from Reno, 32 miles away, and Carson City, the state capital, raced here to assist volunteer firemen.

Virginia City, built in 1862, mushroomed with 40,000 inhabitants as the fabulous Comstock lode gave up \$3,000,000,000 worth of ore to the miners.

Last night there were scarcely 600 inhabitants here. They have made the ghost town into a tourist center.

Garnishments Slice Pay Checks Of 800 In Chrysler Strike

DETROIT—(AP)—Pay day today for 800 auto plant workers lacked its full flavor.

Creditors' garnishments against the 800—all made title in the recent 100-day Chrysler strike—became effective.

A four-week moratorium declared by judges of common pleas court expired, giving creditors the right to collect.

The strike affected a total of 140,000 workers. It was settled May 4.

Writs of garnishment permit creditors to take a certain proportion of the pay, depending on whether the debtor is a householder or a non-householder.

Governor Will Take Two-Week Vacation At Mackinac Island

LANSING—(AP)—Governor Williams, Michigan's peripatetic chief executive, will relax and rest for two weeks at the governor's mansion on Mackinac Island this summer.

The Williams' vacation will be from July 17 to 29 with a one-day break July 17 to award prizes in the annual yacht race to the island.

The Williams' youngsters will go to the island next Monday for the summer. Mrs. Williams will follow Wednesday and be there much of the summer.

Caspian Chief Out

CASPIAN, Mich.—Effective tomorrow, Louis Frighetto, chief of police here for 15 years, will be assigned to duty in the fire department and Tom Klocekovich and Joe Police, firemen, will be transferred to the police force. Mayor Canale said the shakeup was made for reasons of "efficiency and economy." He said a new chief of police will be named soon.

Pets At Music Camp

TRAVERSE CITY—(AP)—The first two arrivals at Interlochen's famed National Music Camp can't sing or play a note but they are certain to be a prime attraction this summer. They are a pair of twins born to Ginger, the camp's pet dog.

Big Plane Plunges In Persian Gulf; 40 Believed Dead

BAHRAIN ISLAND, Persian Gulf—(AP)—A big Air France plane crashed in the Persian Gulf last night, and 40 of the 51 persons it carried are feared dead. The craft plunged into the gulf at almost the same spot where another Air France plane crashed two days ago with a loss of 46 lives.

Officials said 12 persons had been rescued by early afternoon, including four of the crew of eight. Twelve infants were reported to have been aboard the plane. Only one is known to have been saved.

This plane and the sister C-54

Skymaster which crashed two days ago were enroute from Indochina to Paris. Officials have not discarded the possibility of sabotage by adherents of the Indo-Chinese Communists who are fighting the French.

Air France officials in Paris said the plane carried 44 passengers and eight crew members. The officials said the search of the area was continuing with more than 100 small fishing boats scouring the area.

American and British air force planes based in the Gulf area joined the search. High winds and choppy waters made it unlikely that life rafts from the plane could stay afloat for long.

The survivors all were reported to be French citizens.

The four-engine Air France C-54 Skymaster, bound from Saigon, Indochina, to Paris, crashed only a half-mile from the point where 46 persons were lost in the ditching two days ago of a sister ship flying from Indochina.

Last night's disaster brought to more than 100 the number of persons dead or missing in French air crashes in two days. Of these, 46 died in the first crash off Bahrain Tuesday. At least 37 are dead or missing from last night's crash.

Another 16 are missing from a French military plane which disappeared while on a flight between two cities in Madagascar. Three more persons were killed yesterday in the crash of a private plane near Constantine, North Africa.

Mauna Loa, on the island of Hawaii, southeast of here, is putting on its greatest show of modern times. One river of red-hot rock still rolls into the sea; two others have cooled.

The mysterious cloud stretches from Wake Island, 2,000 miles west of Hawaii, to an area 1,900 miles east of Honolulu. Plane reports fixed the eastern boundary about 300 miles east of Hawaii. But officers of the freighter Hawaiian fishermen said they ran into the haze last Friday, 1,900 miles east southeast of Honolulu.

Officers said the muck prevented any navigational sun or star sightings the last four days at sea. The ship docked Monday on a trip from the Panama Canal zone. Few ships and no planes travel that route.

Weather

Reported by S. Weather Bureau

UPPER MICHIGAN: Partly cloudy and warmer tonight with thunder showers beginning over the west portion. Friday thunder showers and turning cooler.

ESCANABA AND VICINITY: Partly cloudy, warmer and rather windy tonight with thundershowers late tonight, wind southeast 15 to 20 mph. Friday showers or thunderstorms and cooler, wind southeast 15 to 20 mph. High 72°, low 57°.

Billion-Dollar Tax Slash Framed In Secret Huddle

Board Recommends 40 Hours, Pay Raise In Railway Yards

WASHINGTON—(AP)—A presidential board today recommended a 40-hour week and an 18-cent hourly wage increase for about 75,000 railroad yard service employees. It recommended denial of wage boosts for about 125,000 trainmen and conductors.

The emergency board filed its report with President Truman. Such recommendations usually are the basis for settling rail labor disputes.

The railroads and two unions involved—the Brotherhood of Railroad Trainmen and Order of Railway Conductors—now have 30 days in which to negotiate under the Railway Labor act before

the unions could take strike action.

The board recommended that the 40-hour week and 18-cent hourly wage boost for yard service employees, represented by the two unions, become effective next Oct. 1. These workers now have a 48-hour work week.

The board estimated that the increased cost to the railroads of the recommendations for the yard service employees would be about \$40,000,000 a year.

The major demands of the largest group of employees involved in the case—the approximately 125,000 Trainmen and Conductors—were denied.

The unions had asked two main adjustments for these employees: (1) a graduated pay scale based on the weight of locomotives, similar to the pay scales now given to locomotive engineers and firemen, (2) a 100-mile, five-hour basic day in passenger service to replace the present 150-mile, 7½-hour basic day.

In a separate case, the same board recommended a 40-hour week for approximately 4,000 railroad yard masters on 66 major railroads represented by still another union, the railroad yard masters of North America.

Rent Control Bill Awaiting House Action

WASHINGTON—(AP)—Chances for quick action on extending rent controls beyond June 30 rested with the House today.

The Senate yesterday refused to accept the House version of an extension bill, and now House spokesmen will be asked to take the Senate's. If they will, it should be clear sailing because even Senator Cain (R-Wash.), bitter foe of any extension, told a reporter he would then subside.

Cain talked for 12 hours and 8 minutes against passage of the Senate bill. It calls for a six months extension with an option to cities and states to extend them another six months.

And he threatened to do the same thing again because the House extended them for seven months with local options for an additional five months beyond that.

Senator Maybank (D S.C.), floor manager for the rent control bill, soothed Cain by promising that Senate conferees would do battle for the Senate version.

City Helps Widow

PETOSKEY—(AP)—A check for \$1,431.60 has been presented to Mrs. Robert Russell whose husband, Patrolman Robert Russell, was killed last week attempting to arrest two suspected car thieves. The money was raised by popular subscription. Two youths are in jail facing murder charges in the officer's death.

Wayne Sets Record

DETROIT—(AP)—Wayne University will graduate a class of 1,423—largest in its history—in ceremonies in the State Fairgrounds coliseum tonight. Dr. Alexander G. Ruthven, president of the University of Michigan will receive an honorary doctor of laws degree.

CORONATION AT HARBOR SPRINGS—Miss Mary Lou Kishigo, 16 of Harbor Springs, Mich., receives her headband and feather from State Highway Commissioner Charles M. Ziegler (left) in presence of Chief Minick (Mose Gibson) one of the three elder chiefs of the Ottawas who picked her as Most Beautiful Indian Girl in Michigan to rule as Princess over the Ottawa Indian Pageant and Naming Ceremony at Harbor Springs, June 11-23. The Princess selection took place at Harbor Springs June 11. (AP Photo)

Truman Inspects Modern Marine Fighting Power

By ERNEST B. VACCARO
QUANTICO MARINE BASE, Va.—(AP)—President Truman came here today for a first-hand inspection of modern Marine fighting power.

He sailed down the Potomac from Washington to witness picked units:

1. Assault a simulated enemy fortified position, demonstrating how the "Devil Dogs" reduce and capture a beach studded with concrete pillboxes, utilizing a large assortment of weapons from flame throwers to tanks and aircraft.

2. Demonstrate recently-developed helicopter technique. This included simulated carrier take-offs with men and equipment to be landed subsequently in "combat zones." It involved use of helicopters to put down the troops and move off again within 20 minutes.

During the two demonstrations, Marine corps combat aircraft were ordered to furnish close air support, in the form of pinpoint dive bombing, rocket runs, strafing and fire bombing.

Soo Locks Await Low-Level Bombs In Mock Warfare

SAULT STE. MARIE, Mich.—(AP)—Defenders of the vital Soo locks were alerted today against a possible low level aerial attack in mock warfare here.

Low level bombing—the make-believe kind with anti-aircraft artillery firing blank shells—promised a spectacular show for the townspeople. They didn't get to see much of a high level attack yesterday. The raiding force was made up of six F-80 jet pursuit planes that were supposed to be jet bombers.

Warning Leaks

An attack by ground forces was timed to coincide with yesterday's high altitude aerial raid. A snafu developed because a warning intended to be broadcast over civil aeronautics facilities for civilian aircraft to stay away from the battle area was issued inadvertently over the local broadcasting station. As a result, several thousand townspeople were tipped off to the "surprise" attack and turned out to see the show.

The umpire ruled the first attack was no go because there were too many civilians around the lock area. Aggressor paratroop forces then made a new attack. Using guerrilla tactics, the aggressors breached inner defenses to the locks, penetrating to the canal.

Bloody Revolt Ended In Peru

LIMA, Peru—(AP)—At least 40 persons were believed today to have been killed in a two-day revolt during which rebels captured most of the city of Arequipa. The government announced loyal troops, moving into the city, had put down the revolt.

The government blamed Communists for the uprising. Arequipa, with a population of 93,000, is Peru's second largest city. The rebels at one time held the city hall, military headquarters, the airport, a radio station and other buildings.

No official figures on casualties were announced, but there were many wounded in addition to the 40 estimated dead.

Forest Fire Towers Get Two Way Radios

LANSING—(AP)—The state conservation department has started installing two-way FM (frequency modulation) radio units in its 140 forest fire towers.

The first installations were made in the Baraga district. Then they will be installed in the Crystal Falls, Marquette and Newberry districts, with the Lower Peninsula districts to follow.

The department asserted improved radio contact between towers, mobile units and headquarters will result.

Duby Confirmed

WASHINGTON—(AP)—The Senate yesterday confirmed the nomination of Clarence S. Duby as postmaster of Menominee, Mich.

Cut In Excise Levies Drafted To Avoid Veto

Congress Races For July 1 Deadline

By FRANCIS M. LE MAY

WASHINGTON—(AP)—Democratic tax law drafters were reported today, after a surprise secret huddle, to be in virtual agreement on a billion-dollar-plus excise tax cutting bill that could avoid a presidential veto.

The huddle, understood to have been attended by House Ways and Means Democrats and Speaker Rayburn, changed the whole outlook for tax legislation—which had been dark for this session.

Minds Made Up

They made no announcement, but there were indications their minds were about made up to:

1. Ram through a bill slashing excise taxes by \$1,100,000,000 on jewelry, furs, luggage, toilet preparations, movie tickets, travel tickets, baby bottle warmers and scores of other items.

2. Put into the bill a hike in the income tax rate for large corporations, perhaps from the present 38 per cent to 41 per cent—to collect about \$500,000,000 additional from these corporations annually.

3. Meet a July 1 deadline for House passage of the measure, so that the Senate will have time to act before the present congress adjourns.

Starts at 21 Percent

The secret meeting developed the first strong indication that the 25-member Ways and Means committee will approve a boost in corporation income taxes, to avoid President Truman's threat to veto the bill if it fails to offset the excise cut by larger taxes in other directions.

The president proposed a four-point increase in the corporation tax rate, to pick-up \$675,000,000 annually, but the committee Democrats are leaning toward a three-point jump. It is understood also that the committee Democrats are about to accept the administration's proposal for elimination of the present so-called "notch" provision in the corporate tax.

Under present law, the corporate income rate is 21 per cent on the first \$5,000; 23 per cent on the next \$5,000; 25 per cent on the next \$5,000; 53 per cent from \$25,000 to \$50,000; and 38 per cent on all over \$50,000.

Under the administration pro-

Girl Plunges From Bridge, Hit By Car

LOS ANGELES—(AP)—A 16-year-old girl plunged from the Macy street bridge yesterday, but was struck by a car before she hit the concrete roadway 50 feet below.

Identified by police as Marie Garcia, she suffered fractures of the left foot and ribs, possible internal injuries, cuts, bruises and shock.

Her condition last night was such that she could not be questioned but her mother, Mrs. Victoria Garcia, told police the girl had been in trouble of some sort with other girls at school.

A woman motorist, Mrs. Frank Opitz of Ontario, Calif., reported it was her car that struck the girl.

Negaunee Minister New Head Of Synod

ISHPEMING, Mich.—(AP)—Dr. John Wargelin is the new president of the Suomi Synod of the Finnish Evangelical Lutheran Church in America. He is pastor of Eranuel Lutheran church at Negaunee, Mich.

The synod's annual convention elected him yesterday to succeed Dr. Alfred Haapanen of Hancock, Mich., who retired after holding the office 28 years.

The Finnish government has decorated Dr. Wargelin with the Order of the White Rose, first and second class, for his work among people of Finnish descent in this country.

Carl Blixt Dies In Traverse City

Carl Blixt, 65, of Traverse City, a brother of Clifford Blixt of 118 South 22nd street, died yesterday in a Traverse City hospital following a long illness.

Mr. Blixt, who formerly lived in Cornell and Escanaba, is survived by his wife and two daughters, two brothers, Clifford of this city and Elmer of Sault Ste. Marie, and a sister, Mildred, of Manitowish, Wis.

Funeral services will be held Saturday afternoon in Traverse City and burial will be made there. Mr. and Mrs. Clifford Blixt will attend the rites.

Mackinac Bridge Authority Meets June 24 At Island

DETROIT — (P) — The new Mackinac bridge authority will hold its first formal meeting on June 24 at Mackinac Island, its members have decided.

Prentiss M. Brown, a member of the group, said that the group will elect its chairman at the June 24 session. It also will hear recommendations from Dean Ivan Crawford of the University of Michigan college of engineering on three consulting engineers to be employed.

The authority was re-established this year by the legislature, and Gov. Williams named seven members to the commission on June 6. The group will check the possibility of erecting a bridge linking Michigan's two peninsulas.

The cost of the structure, which would be one of the world's longest, has been estimated at around \$60,000,000.

City To Receive Bids To Dismantle House Here Friday

The city of Escanaba is calling for bids for the dismantling of a house on city property on First avenue north, adjacent to the farmers market on North Ninth street.

Bids will be opened at 4 p. m., Friday, June 16. The house is being dismantled to provide parking space near the farmers market. The job will be awarded to the highest bidder.

Hoffmaster Is OWAA Speaker

Education Needed In Conservation

By W. J. DUCHAINE Editor, Escanaba Press

MOOSEHEAD LAKE, Green-ville, Me. (Special)—Pointing out that Americans long have been a wasteful people, P. J. Hoffmaster, Michigan's director of conservation, declared in an address to the OWAA meeting here that the hope for the wise use of the nation's natural resources lies in a clearer understanding of conservation problems by the 150,000,000 people of this country.

Director Hoffmaster also read letters from Gov. C. Mennen Williams, the Michigan Department of Aeronautics and the Michigan Tourist Council, offering the facilities of the state agencies to make the 1951 meeting of the Outdoors Writers Association of America at Escanaba an outstanding success.

With most of the land in private ownership, the job of soil and water conservation is primarily with the landowner, Hoffmaster said.

"Most of the reforestation done in the nation was done by government, state and national, but the biggest job is privately-owned land," Hoffmaster continued. The bulk of our game—birds and animals—is raised on land and water owned or controlled by private individuals and corporations."

Need Education

Education in the public schools to teach respect and appreciation of the rights of the public and individuals can be helpful, the conservation director said.

"For years, we whose business is to enforce or promote conservation laws and principles," Hoffmaster said, "have seen the need of a much greater understanding of Nature on the part of the people—adult and youth alike. Long since we have learned that hunters and fishermen cannot be coerced into complying with law, or into exercising ordinary woods and waters manners, by and through policemen alone, regardless of the officers' efficiency andadroitness. We think it is demonstrable that law abidance and the niceties of sportsmanship must come from within. The motivating force that will cause people to use rubbish containers, rather than to throw rubbish wherever they happen to be, lies not in the park managers and their aides. It must be a part of the park user."

Water supply, clean and adequate for man, animal and soil, has become one of the major problems of the nation, Hoffmaster pointed out. He said that the recent experience of New York City was an awful price to pay for a lesson in water management.

"We have been a prodigiously wasteful people with all of the resources of our land," Hoffmaster added. "We have taken and used them with no thought of the future and not much regard for the waste entailed. Even today we are cutting the forests faster than they are being replaced. Wildlife, with all our efforts, is losing ground. The tide of soil depletion has not yet been turned. "I believe the most important policy government could establish with respect to resources would be one of acquainting the citizenry with the true significance of our natural resources; then, forthwith and without wavering, to do something to assure their preservation."

In one of the workshop forums on outdoors writing, Prof. A. Laurence Palmer, author of books and magazine articles and a member

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes, slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's gives happy relief—helps the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Fire Ravages Mine At Alpha

Book Mine Has Heavy Damages

ALPHA—One of the most destructive fires in Alpha's history occurred Wednesday morning when the combination engine house and "dry" of the Book mine, operated by the Iron Range Mining company, was destroyed.

The blaze, attributed to a short circuit in a switch box near the hoist, was beyond control when the Alpha and Crystal Falls fire departments arrived 15 to 20 minutes after the fire broke out.

The frame structure, 60 by 60 feet, with its electric hoist, compressors and employees' clothes proved fuel for the flames once the fire enveloped the building, which was erected in 1942.

With the hoisting equipment destroyed, operations at the mine will be suspended for an indefinite period. John V. Kirkpatrick, superintendent, was busy attending the fire at noon today and could not be reached for a statement.

Employs About 104

The Book employs about 104 men, many of whom will necessarily be laid off.

Some 35 employees working underground when the fire broke out were alerted and climbed 200 and 300 feet up ladders to the surface. Not an accident was reported.

Firemen of the Alpha and Crystal Falls departments said the engine house was a "roaring furnace" when they arrived. Many employees lost their clothes and some money and valuables when the "dry" portion of the building was leveled.

The Book mine had been operating on a five-day week schedule.

No effort was made to estimate the loss, which will total many thousands of dollars.

Besides the hoist and two compressors, other equipment went up in smoke.

Elks Hold Annual Flag Day Program

Escanaba lodge 354, B. P. O. Elks, held its annual Flag Day radio ceremony last evening over WDBC, Escanaba. The Flag Day address was given by Col. John W. Kelly of Manistique, newly elected president of the Upper Peninsula Elks association, and a declamation, "Tribute to the Flag" was given by Sharon Moberg of Neillsville, Wis., a niece of John O. Moberg of 810 Ludington street. George M. Harvey was chairman

Employers Asked To Let Guardsmen Go To Camp

Unless more employers in Delta county permit their National Guard-employees to attend Camp Grayling this summer, Company C of Escanaba will have its smallest attendance, percentage-wise, since postwar National Guard field training began.

This announcement was made this morning by Capt. Roy Johnson, unit commander, who urges all employers involved to cooperate to the fullest extent to make men available for peacetime training Aug. 12-26 at the Lower Michigan Lake Margrethe encampment.

Company C has had an enviable attendance record, and it is hoped to at least maintain this record this year.

At present, only 58 Guardsmen have signed their intentions of attending camp. Eighty-two attended from the Delta unit last year, 75 the year before and 44 in 1947, the first postwar camp. On a percentage basis, Company C had the best attendance record of any company in the state in 1947.

Simultaneous with this announcement, Captain Johnson reported 42 openings in Company C ranging from recruit to staff sergeant in all types of military engineering, such as carpenter, bulldozer operator, truck driver and demolition men.

"Our present membership is 82 and we are authorized 124," he said. "We hope to reach full strength by camptime. Field training affords the opportunity of participating in interesting military work and play at one of the best National Guard camps in Michigan. Camp Grayling is located on the south shore of Lake Margrethe in Crawford county."

Each man will receive a full day's Army pay for each day at camp plus two dollars a day state bonus pay.

S/Sgt. George Anderson, of Escanaba, one of the original members of the pre-World War II Guard unit here, qualified at battalion headquarters in Ishpeming Tuesday night for a National Guard commission. It is expected he will be federally recognized as a second lieutenant by camptime.

Majors Leonard C. Ward, of Menominee, and James G. Ward, Jr., of Escanaba, engineer battalion

Beach To Open Here June 22

Lifeguards Named For Season

The Escanaba beach, to be located temporarily on the north shore of Sand Point, will be officially opened on Thursday, June 22, Recreation Director Art Peterson has announced.

The lifeguards will go on duty Monday June 19, cleaning the beach and installing facilities. In mid-July the beach will be established at the new location at Ludington Park when work is completed there on the new beach-house.

Lifeguards assigned to duty are Francis Lueneburg, chief; Bob Paterick, instructor; Jack Miron, Bob St. Martin, Harry Bourke, Bud Weber and Joe Johnston.

Registration for swimming classes will be received on July 5.

Bob Paterick is now attending the national aquatic school at Whitehall, Michigan.

Stuhldreher Quits Post At Wisconsin

MADISON, Wis.—(P)—Harry S. Stuhldreher, University of Wisconsin's athletic director since 1936, resigned today.

Stuhldreher, whose resignation was accepted by the University board of regents, will begin work with the United States Steel corporation Oct. 1.

Guy Sundt, assistant athletic director and head track and cross country coach, was named by the regents to succeed Stuhldreher with the rank of professor and an annual salary of \$9,500.

Magazine Says U. S. Gambling Racketeers Net 6 Billion A Year

NEW YORK—(P)—Life magazine says U. S. bookmakers and other gambling racketeers make an annual profit of \$6,000,000,000—more than the combined profits of U. S. Steel, General Motors, General Electric and the 97 other largest manufacturing companies.

In its current issue, the magazine reports the results of a coast-to-coast survey.

The United States today is "the gamblingest nation that ever existed," with 50,000,000 adults and plenty of minors betting almost \$30,000,000,000 a year, the magazine says.

Boys' State Begins Week Long Meeting

EAST LANSING—(P)—The thirteenth annual Wolverine Boys state began its week-long meeting today as boys gathered from all over Michigan on the Michigan State college campus.

Sponsored by the American Legion, the event is designed to teach democracy by permitting the boys to govern themselves and elect mock city, county and state officers.

On June 22 the Boy State officers will visit the capitol and will hold sessions in the actual House and Senate chambers.

Swedish Visitors At Ford River

FORD RIVER—Interesting visitors in the summer colony on the Ford River Road are Mrs. Margit Ringenhielm and her daughter, Melita, of Sweden, who are guests of Miss Elsa Ahrenlof at her summer home. They flew from Sweden to Chicago late in May and plan to remain there while Melita attends summer school at the University of Chicago. Mrs. Ringenhielm had training as a nurse at St. Luke's hospital in Chicago but later returned to Sweden. The visitors find the north country very similar to their native land.

Menominee School Has New Principal

MENOMINEE—James A. Murray, principal at Grandville for 11 years, has been named to the same position at Menominee high school. He agreed to a two-year contract. Murray succeeds Miles W. Robinson who becomes Menominee superintendent of schools. Robinson takes the place of C. E. Mac Donald who resigned to become superintendent at East Lansing.

More German Police Desert Soviet Zone

BERLIN—(P)—Six members of the Communist-controlled East German people's police fled early today to West Berlin, raising the total of this week's desertions to 1.

They told Western authorities they wanted political asylum from the Communists force. In this past month, 49 have deserted.

Briefly Told

James Peterson, 6, son of Mr. and Mrs. Edmund Peterson, 803 South 17th street, was dismissed yesterday from St. Francis hospital. He submitted to a tonsillectomy Tuesday.

Cut on knee—William Harris, 10, son of Mr. and Mrs. Joseph Harris of Harris, was admitted to St. Francis hospital yesterday for treatment for a cut on his right knee received when he was accidentally struck with an ax.

Adjournment Fever Hits Senate Early

By EDWIN B. HAAKINSON
WASHINGTON—(P)—Adjournment fever appears to be running high in the Senate several weeks early.

Democratic Leader Lucas, of Illinois, has been taking daily opportunities to predict that Congress can complete action on a big jam of must legislation and get away by July 31.

Yesterday two Senate Republican leaders, Wherry of Nebraska and Taft of Ohio, got into the act by agreeing with Lucas after carefully inserting some GOP "ifs."

Red Ban Fought In South Africa

CAPETOWN, Union of South Africa—(P)—A government bill to outlaw Communist party activity raised a cry of despotism in parliament debate last night and set off clashes between club-swinging police and demonstrators outside parliament building.

The bill is up for a crucial second reading. Debate was interrupted while parliament members watched police charge into crowds demonstrating against the bill.

Justice Minister C. R. Swart argued that the bill is needed to prevent a Moscow campaign to set colored natives in trade unions and on the farms against the whites and establish a native republic, with all race segregation barriers broken down.

He charged that under Moscow's direction Communists on a date to be decided were plotting to poison water supplies, cut off power and murder whites who stand in the way of the Communists.

British Laborites Keep Narrow Margin In All Night Session

LONDON—(P)—Britain's House of Commons quit work in the gray light of dawn today after a 16-hour, 20-minute session. Tempers were thin during the long debate as the government won every time on nine votes, beating down Conservative-Liberal attempts to repeal gasoline taxes.

The Labor party has a statistical margin of eight votes in the House. Whips got M. P.'s into the voting lobbies in time to muster victories by from 11 to 17 votes. Many members on both sides were absent.

The first victory staved off, 302 to 288, a move to void the government ninepence (10½ cents) a gallon boost which doubled the gasoline tax.

The government has now rolled up 22 victories against one inconsequential defeat since the new parliament met March 6. The feat has revived speculation that the Labor government now has a good chance to survive into next year.

On June 22 the Boy State officers will visit the capitol and will hold sessions in the actual House and Senate chambers.

Swedish Visitors At Ford River

Knights Of Columbus Fourth Degree Has Jubilee In Marquette

MARQUETTE—Marquette's general assembly will be host for the golden jubilee celebration of the Fourth Degree Order of the Knights of Columbus on Sunday, June 18.

An exemplification of the patriotic degree, as the order is termed, will be held. It will be the first installation program in the Upper Peninsula district in two years.

There are approximately 500 Fourth Degree Knights in the U. P.

Heiress Rests, Quits Nevada Senate Race And Fourth Husband

RENO, Nev.—(P)—Heiress Ann Copper Hewitt, quitting the Republican U. S. Senate race in Nevada, headed northwest in her jeep today for a rest. In Reno, her attorney poo-pooed rumors that the recent divorcee is off to wed a fifth time.

Art Truman, a nightlife figure of the Nevada mining camps, was with her when she left Tonopah but her attorney said he merely was her bodyguard. He was hired "because many unpleasant things had been happening to her"—such as unknown persons driving nails in the tires of her jeep.

Her most recent husband, Frank (Rodeo Roy) Nicholson, said at the time of her divorce that his wife sought the GOP Senate nomination "to fight Communism and fix things up for the kids." He said his saloon business impaired her chances, hence the divorce.

Highland Park And Hamtramck Each Lose 5,000 In Population

DETROIT—(P)—Hamtramck and Highland Park, Mich., a pair of cities entirely surrounded by Detroit, lost approximately 5,000 population each in the last 10 years.

A combination of wartime industrial expansion and a general outward population shift in the Detroit area to suburbs farther from the center of the city was considered responsible for the decline.

Hamtramck's population, according to preliminary figures, is 43,245, compared to 49,839 in 1940. Highland Park is given 46,155 as against 50,810 ten years ago.

The figures were announced by Thomas A. Evans, census supervisor.

Playmates Drown In St. Joseph Pond

ST. JOSEPH, Mich.—(P)—Two young playmates drowned together in an irrigation pond five miles south of here yesterday.

They were Albert Rach, 11, and Lowell Eisenhart, 7. Lowell's body was found floating face-down, and two and a half hours later Albert's body was recovered. The Stevensville fire department pumped the water level down to find Albert.

Coroner Louis Kerlikowske said he was unable to determine whether the children had been playing on a raft in the pond, or whether one of the boys had drowned trying to save the other.

Amerasia Case Quiz Wound Up

NEW YORK—(P)—A special federal grand jury today cleared government officials and agencies of any shortcomings in the Amerasia stolen documents case.

At the same time, however, the jury called upon the Department of Justice to issue a detailed report on the case.

The grand jury began probing the Amerasia case two weeks ago. The case involved the 1945 theft of 1,700 government documents, some of which were recovered by the FBI in the New York office of the magazine Amerasia, now defunct.

Amerasia's editor, Philip Jaffe, pleaded guilty to possessing secret government documents and was fined \$2,500. Emanuel S. Larsen, specialist in the China division of the state department, was fined \$500. The case against four others was dropped.

Chinese Communists Threaten Formosa With 200,000 Troops

HONG KONG—(P)—Trained observers in this British crown colony say the Chinese Communists have moved 200,000 troops from the Indochina border to the east coast opposite Formosa.

The mass movement, they say, took place in the last month. Transfer of the Red troops eases the invasion threat to war-torn Indochina, recently bolstered by promises of American aid.

But it spirals the threat of an early invasion of Formosa, last outpost of the Chinese Nationalists under Chiang Kai-shek.

Six weeks ago the Reds were reported to have as many as 600,000 troops on the Indochinese border. More reliable observers put the number at 300,000, however. That would leave 100,000 Reds on the border.

Flood Traps 5 Men In Canada Coal Mine

CADOMIN, Alta.—(P)—Five men were reported trapped in a coal mine today after water from the flooding McLeod river inundated the workings.

Thirty men were reported working in the mine when the water swept in, but 25 reached safety.

The river swept out bridges in the area.

Cadomin is in the Coal Branch area, 150 miles southwest of Edmonton.

Additional Names Turned In For 1950 Census Count Here

A total of 27 names have been submitted to Francis E. Schon of Sault Ste. Marie, district census supervisor, since the first unofficial count of 14,814 was released, it was revealed at the city manager's office today.

All persons who believed they had not been counted in the decennial census were asked to contact the Escanaba Chamber of Commerce. Names of presumably uncounted persons in the city will be received until July 1.

The 1940 census listed 14,830 persons living in Escanaba.

Cut In Excise Tax Framed To Avoid President's Veto

(Continued from Page One)

posals, the corporate rate would be 21 per cent on the first \$5,000; 23 per cent on the next \$15,000; 25 per cent on the next \$5,000; all over \$25,000 would be taxed at the general corporation rate (now 38 per cent; might become 41 per cent).

Senate Stands Doubtful This eliminates the 53 per cent rate between \$25,000 and \$50,000 and means that only corporations with net income over \$120,000 would have any increased tax liability if the 38 per cent rate is increased.

Secretary of the Treasury Snyder has said that only about 10 per cent of all corporations—the big ones—would feel any tax increase under such an arrangement.

However, there still is some doubt that the corporation boost can pass the Senate, if it gets through the House.

A three-point corporation hike came into focus after the Ways and Means committee rejected the president's proposals for (a) a \$400,000,000 increase in estate and gift taxes and (b) almost \$200,000,000 additional taxes on oil and gas producers by decreasing their depletion allowances.

By plugging various loopholes and by a 10 per cent withholding tax on corporation dividends, the committee says it has found a way to pick up about half the \$1,100,000,000 extra revenue needed to offset the excise cut.

A \$500,000,000 corporate tax boost would just about round out the size of the excise cut—which, incidentally is about twice the \$655,000,000 limit Mr. Truman suggested.

So, it looks now—unless some Democratic plans go wrong—as though the House will pass the

Nine Fliers Die On Spruce Knob

CIRCLEVILLE, W. Va.—(P)—A fire-blackened area near the top of Spruce Knob—highest mountain in West Virginia—marked the spot today where nine airmen were killed in the crash of an air force bomber.

The Utah-bound B-25 smashed into the mountain at dawn yesterday. Its two engines were found 1,500 feet from the point of impact. The wings sheared off. The fuselage was reduced to twisted pieces.

Two bodies were thrown into trees. Fire burned over a quarter-mile of the 4,860-foot high mountain, about 25 miles from the West Virginia-Virginia border.

The nine bodies were removed to an Elkins, W. Va., funeral home.

The plane was bound from Olmstead Air Base at Middletown, Pa., for a stopover at Offutt base in Nebraska. From there it was going to its home field near Ogden, Utah.

Three of the dead were air force regulars and five others were reservists. The ninth, a passenger, was stationed at the Hamilton Air Base, Calif.

tax bill, toss it over to the Senate—and take a July 4 holiday. Then, if the Senate acts swiftly, the excise cuts may become effective Sept. 1.

Children In Street Are Problem; Police Seek Aid Of Parents

City police today asked parents in Escanaba to cooperate with the police department in keeping young children from playing in streets.

"Numerous complaints have been received from motorists and alarmed pedestrians," M. F. Ettenhofer, police chief stated today. He pointed out that youngsters playing in streets are in great danger and can create a traffic hazard.

The chief emphasized that it is unlawful to play baseball, tennis or other games on city streets.

Finances Chief Road Problem In Michigan

Action Needed, Says Cuthbert

Road Builders Told To Sell Program

The principal Michigan road problem is lack of adequate financing and county road commissioners and county boards of supervisors must take a personal interest in its solution by the state, according to A. O. Cuthbert, engineer-director of the Michigan County Road Association.

Cuthbert spoke to the Upper Peninsula Road Builders association at its opening business session today in Escanaba.

He charged that organization representing commercial highway users and the "petroleum industry" is out to defeat any proposal that would increase state weight and gasoline taxes to adequately finance road maintenance and construction programs.

Anticipate Fight

"We can expect a fight in Michigan," Cuthbert said. "In New Jersey the petroleum industry spent one million dollars to campaign against an increase in weight and gas tax."

It is time for the county road commissions and the county boards of supervisors in Michigan to take action if they want legislative approval of increased road funds, Cuthbert added.

Increased weight and gas tax proposals were not favorably received by the legislature and the governor did not include the matter in his call for the recent special session, Cuthbert pointed out. At the next session, however, Michigan good roads proponents should be prepared to demand favorable action.

Townships Assist

Michigan's gasoline tax is one of the lowest in the nation, yet gasoline prices are as high or higher than in other states, Cuthbert pointed out. And additional gasoline price raises are in prospect for Michigan.

Discussing the question of county road financing, it was reported that in many counties the townships are contributing all or a large percentage of their sales tax money for better roads.

Otto Hess, Kent county, reported that his county received \$450,000 from the townships last year, and C. J. Ahern, Menominee county, said the townships there turn over to the road commission all of their sales tax money for road improvement projects.

Only Temporary

Cuthbert said Michigan townships in total contributed over \$2,000,000 for county roads, and the amount was expected to total between \$4,000,000 and \$5,000,000 this year.

Many Delegates At U. P. Road Meeting

Delegates registered to noon to the U. P. Road Builders association convention in Escanaba included the following:

Frank Mason, Ingham county; Jack Schaub, Lansing; W. W. Lavers, Detroit; Matt E. Kosky, Iron county; K. A. Smith, Lansing; C. T. Lathers, Cheboygan county; H. B. Lucas, Petoskey; M. L. Council, Escanaba; R. R. Havens, Lansing; W. J. McDonald, Lansing; Gay Jordan, Hastings; T. H. Wilcox, Ontonagon; Doug Had-dow, New York; Roger Watt, Ontonagon; Henry Luoma, Ontonagon; Glenn Trevarrow, Ontonagon.

R. T. Ward, Lansing. Duncan Cameron, George Metcalf, Midland; Robert Debelak, Munising; Frank Carr, Munising; M. B. Jensen, Escanaba; A. O. Cuthbert, Lansing; John H. Cottle, St. Ignace; William Watts, Mackinac county; John H. Brawley, St. Ignace; W. Lee Porter, St. Ignace; Charles M. Ziegler, Lansing; Lowell Varvill, Marquette; T. W. Southworth, Lansing; Everett Clegg, Chippewa county; Clarence Beamish, Sault Ste. Marie; W. W. McCondra, Sault Ste. Marie; Darlene Ingler, Lansing.

A. J. Ackerman, Manistiquette; Eugene Johnson, Manistiquette; Henry Orschel, Manistiquette; Harold McNamara, Manistiquette; Wilmore Berglund, Bark River; Robert Brebner, Marquette; A. S. Paynter, Marquette; Earl Theriault, Escanaba; Frank Young, Marquette; H. J. Elliott, Marquette; H. P. Larson, L. W. Ellingboe, William E. Carlson, Don Hyde, Del Shults and Dan Weeks, all of Iron county.

L. G. Tucker, Selby Miller, T. B. Reynolds, Charlevoix county; Bob Rieker, Ray E. Zebell, George W. Koronski, Gogebic county; Len Meyer, Gogebic county; James Jazek, Gogebic county; C. P. Kraft, C. M. Bul-lard, J. T. Sharpsteen, I. M. Vernon, Genesee county; R. E. Lundie, Eli Hanson, William Hasenbank, Mason county.

Ted Fulsher, Stand Heustis, H. L. Burfield, Leelanau county; Ben D. Jeffs, Missaukee county; M. G. Meyers, Painesdale; A. L.

year. Such measures are not solutions, but only temporary assistance, to the financial plight of the county road departments, Cuthbert added.

The program this afternoon will include talks by two members of the Michigan legislature.

Rep. Victor A. Knox, Sault Ste. Marie, speaker of the house of representatives, will address the Road Builders on the subject "Where are We Going?"

State Senator John B. Martin of Grand Rapids will speak on "Bad Roads: Michigan's No. 1 Problem."

Other speakers this afternoon will be Charles M. Ziegler, state highway commissioner; and George Koronski, Gogebic county road commission engineer.

The annual banquet of the association will be held tonight in the dining room of the House of Ludington, with A. O. Cuthbert toastmaster.

Speakers will be J. Lance Rumble, General Motors of Canada, Ltd., and Henry T. Ward, president of the Michigan Good Roads Federation.

Picnic Sunday At Flat Rock

Annual Legion Event At Beauchamp Grove

Sunday will be picnic day at Beauchamp's grove, Flat Rock. The Escanaba American Legion will be the host for the event, and they are inviting the public to come out for an old-fashioned family outing with all the trimmings.

A program of sports, contests, games and novelty stunts has been prepared, including such old favorites as cracker-whistling contests, spike driving contests, and races, all with cash prizes. Refreshments and lunches will be served on the grounds.

The picnic will get under way at noon. Highway signs will be placed at intersections as guides on the route to the picnic grounds, via the paper mill road, Durand's corners and Flat Rock.

Committee chairmen in charge of the event include: general chairmen, John Peltier, William Butler; table games, C. Elmer Olson; parking, William E. Miron; ticket wagon, William Perron; sports, Art Peterson; lunch and ice cream, Mrs. John Greis; refreshments, William Butler; program, Ralph Olsen; publicity, Claude Tobin, Cliff Vadnais.

Removed from ice, lettuce loses 22 percent of its vitamin content in eight hours.

Mrs. Cliff Voights Dies In Elgin

NAHMA—Mrs. Cliff Voights, 32, of Elgin, Ill., the former Dorothy Peterson, daughter of Henry Peterson of Nahma, died June 8 at St. Joseph's hospital in Elgin, Ill., after a several months' illness.

Services were held June 10 at St. Paul's Evangelical and Reformed church and burial was made in Bluff City cemetery in Elgin.

Mrs. Voights was born in Fayette May 27, 1918, and moved with her family to Nahma when she was two years old. She spent her childhood here and was graduated from the F. W. Good school in 1937.

Surviving are her husband, two children, Sharon and Bruce of Elgin; her father, Henry Peterson of Nahma; one brother, Edwin Peterson and three sisters, Mrs. John Schwartz Jr., and Mrs. James Moore, Nahma; and Mrs. Lillian Lemirand of Bay City.

Henry Peterson, Mr. and Mrs. John Schwartz Jr., Edwin Peterson and Mrs. James Moore of Nahma attended the rites.

Cpl. Alfred Belongie arrived here from Fort Lewis, Wash., to spend a short leave with his parents, Mr. and Mrs. Alfred Belongie. He leaves Saturday for Springfield, Mass., and will be assigned from there to duty with the U. S. Army in Germany.

Mrs. James Roddy and daughter Mary Lynn have returned from a weekend visit in Marquette.

Mr. and Mrs. Clarence Menary, Sonja Weberg, Darlene Gouin and Mr. and Mrs. Richard Morrison

Seney Couple Wed 40 Years

of Isabella motored to Munising Sunday to visit with the Elmer Johnson and Wallace Masters families.

Guests during the weekend at the Clarence Menary home were Mr. and Mrs. Percy Mercier, Jr., and children, Glen and Sandra, and Mrs. Casey Spagelli of Green Bay.

Sgt. Peter Newhouse left Monday for the Shaw air base at Sumpter, S. C., where he is stationed.

Richard Miller has returned from Evanston, Ill., where he is a student at Evanston Collegiate Institute.

Mrs. Roy Landis, Mrs. Emanuel Moberg, Mrs. Richard Morrison and Dolly Moberg of Isabella visited at the Clarence Menary home Monday.

Mrs. W. H. Acker, Mrs. A. T. Mercer, Mrs. William Rauls, Mrs. Lew Bramer and Miss Nell Fleming attended the Girl Scout area council meeting at the First Methodist church parlors in Escanaba Monday evening.

Mrs. Ray Hagstrom, the former Gudrun Engman of this city, has returned to Chicago after attending the golden anniversary of the Munising high school. Mrs. Hagstrom also visited her parents, Mr. and Mrs. Alfred Engman.

Miss Annabelle Morrison, daughter of Mrs. Julie Morrison of Munising, has returned to Waukegan, Ill., following a visit here. Miss Morrison also attended the golden anniversary activities at the high school Saturday and Monday.

Flint MSC Junior Explodes Legend At Cost Of An Orchid

EAST LANSING—(P)—Robert Boston, Flint junior at Michigan State college, exploded a long-standing legend, but it cost him an orchid.

Students have suspected for years that instructors did not read all the way through term papers. Boston handed one to his lady speech instructor, Prof. Lucia Morgan, with a note buried on page 15 reading, "if you read this far, I'll buy you an orchid."

The professor did and Boston did.

THEY MAY LOOK LIKE TIDE...
THEY MAY TALK LIKE TIDE...
BUT IN YOUR WASHING MACHINE...
THEY JUST WON'T DO THE WORK LIKE TIDE!

Nothing Like Tide!
TIDE WASHES CLOTHES MIRACLE CLEAN
Without Rinsing

Just wash—wring out—hang up!

It's a fact! No other washing product is made the way Tide is made.

Just try Tide without rinsing. Take your wash right out of Tide's miracle suds—put it through the wringer—and hang it up miracle clean!

Tide keeps the dirt suspended in the sudsy water. When you wring out the clothes, the dirt runs out with the wash-water... and your clothes come from the wringer bright, white, and clean!

And clothes dry soft and fluffy... and they iron so easily you'll be delighted.

So easy! So safe! Skipping the rinsing actually saves wear and tear on clothes! And think of the time and work and hot water it saves!

Get Tide today... and remember! Other products may look like Tide... others may talk like Tide... but in your washing machine, they just won't do the work like Tide!

Greatest Lovers Of Home Never Bought A House

By HAL BOYLE
NEW YORK—(AP)—The greatest home-lovers are those who never bought a house.

Or so it seems to them.
Owning a place of his own is one of man's oldest dreams, and nothing proves more surely that, to this extent at least, he is a capitalist by nature.

It begins in childhood. And a growing boy relives the history of the human race's desire for a better shelter.

Cave Comes First
Soon after he learns to walk he starts crawling under the table and piling chairs around it to build him a kind of lean-to home. Next he digs a cave in the backyard, roofed over with tin, where he can roast potatoes over a smoldering fire and eat them half-rare in smoky, savage dignity.

Then he risks breaking his arms, legs and neck to build a tottery tree house in the nearest elm or oak, and feels he is indeed monarch of all he surveys. And, finally, he comes down into the backyard again and constructs a wooden shack as a kind of club-room for his pals. He posts a sign on the door: "Grownups—stay out! This means you!!!"

He usually has a lock on his shanty, too. And that shows he now has a personal sense of property.

For a few years he doesn't do any more building. He is busy with finishing school and going through the cocoon agony of becoming an adult.

Yearning Still There
After he gets a job and marries, he starts dreaming again of a place really his own. Whether he actually does buy a home or stays a renter the rest of his days, he never forgets the thrill of that first jungle lean-to in his parents' living room, the cave, tree house and shanty in the backyard. The yearning is there, inherited across the ages. For home stands for security much more than it does for mere pride of possession.

And the longer he goes without his own home the more he wants it—in his heart, no matter what his mouth says.
My trouble is I can't make up my mind what kind of a home I really want. At first all I wanted was a log cabin like the one Thoreau lived in at the Walden pond. But this was impractical. I couldn't build it. I knew if I went into the woods and cut down a tree—it would fall on me. That's how inept I am. Once I even was run over by a milk wagon.

Later came the grandiose period. I wanted an estate with formal gardens and a huge 46-room mansion with 47 bathrooms—something crawling with 17th century draperies and Italian renaissance marble. I didn't give up this dream merely because it would require \$3,000,000. Who knows—a kind millionaire might leave me that.

"Why, it would take 30 servants to staff a place like that," a friend told me. Well, that ended that. Who wants 30 maids and butlers pad-paddling about his halls?

None Just Right
Every Sunday for the last 13 years I've spent most of the day going through the real estate sections, mentally buying a home one moment, discarding it the next. There's something wrong with them all.

It isn't the size of the house anymore. It'll settle for six rooms, an acre and a view of mountain and water. But I can't decide where I want my house.

I'd like it in Connecticut and Maine, in Florida and California, on the Riviera and on Hong Kong, in Kansas City and in Seattle. And in Albuquerque and on the Isle of Capri—and oh, at least a

LIGHT HOUSEKEEPING
There's no place quite like the homes these sparrows selected, in the shields of a traffic light on a busy Denver, Colo., intersection. Mrs. Caution, downstairs, is a little concerned about the Stops upstairs. She's heard they're a bunch of Reds.

hundred other places.
It looks now as though my dream house—if I ever get it—will be a trailer with a built-in rock garden and a portable outdoor barbecue pit.

Danforth

Sunday School Picnic
DANFORTH—The Danforth Sunday school is making plans for a picnic to be held at Ludington Park in Escanaba Sunday afternoon. Games will be played and a lunch served. Parents are invited.

Sewing Club Meets
Mrs. Charles Cota was hostess to the Danforth Sewing club at its regular meeting at her home. A tasty lunch was served after the meeting. The next meeting of the group will be held Thursday afternoon, June 22, at the home of Mrs. George Larson. This also will be a birthday party in honor of two members. At the last meeting were Mrs. Wallace Irving, Mrs. Felix Johnson, Mrs. Arthur Monson, Mrs. Norman Anderson and son Paul and Mrs. George Larson and George, Jr.

Birthday Party
Alex Malmstead, Jr., celebrated his eighth birthday anniversary Sunday at the home of his parents with eighteen playmates as guests. Games were followed by a party lunch with a large birthday cake centering the table.

Personals
Mr. and Mrs. Llewellyn Larson and Mrs. George Larson and son, George, Jr. spent Sunday with Mr. and Mrs. Everett Wils at Rapid River.

Mrs. Mathilda Mattson accompanied by her daughter, Miss Agnes Mattson of Oshkosh, has gone to Loveland, Colo., to visit another daughter, Mrs. Florence Hennessey, and family for two weeks.

In this era of modern science, the average newspaper reporter no longer is a "leg man." He uses the telephone.

Eli Gauthier of Manistique who has been ill is convalescing at the home of her parents, Mr. and Mrs. Paul Gauthier.

Mr. and Mrs. Jeffrey Vachon of Norway, Mr. and Mrs. Ray LaFave and children and Jacqueline Gauthier of Manistique visited relatives here Sunday.

Mr. and Mrs. Altona Greenwood and sons Jimmy and Rodney returned Sunday from a week's visit in Chicago.

DOWN VIDEO ROAD—You can sit back and enjoy television when you ride the Short Line Bus between San Francisco and Los Angeles. The bus driver is the only one who can't see the screen, mounted over his head. He gets his wrestling, not by TV, but at the wheel of the big bus.

Industrial Production Near Peacetime Peak

WASHINGTON—(P)—Industrial production in May climbed within one per cent of the peacetime record set at the height of the 1948 boom, the federal reserve board reported today.

It figured that June output should go even higher, if present trends are sustained, probably equalling the postwar peak of October and November 1948.

A preliminary estimate by the board, given to the Senate-House economic report committee, showed May production at 93 per cent of (meaning 93 per cent above) the 1935-39 monthly average.

That was two points higher than the board anticipated in an initial figure May 27, and it indicated the biggest volume of industrial production since the 195 turnout of October-November, 1948.

The new estimate for May reflected a two per cent rise from April, and a 20 per cent recovery from the low mark (161) of last July, the trough of the 1949 "recession."

Gains in May and early June were produced by a further upsurge in production of durable goods, plus a marked recovery in output of such minerals as iron ore and oil.

There also was a small gain in production of nondurable goods—textiles, paper, rubber and chemical products.

In the durable field, production of steel and of passenger cars was booming at new record heights, while output of building materials, furniture and household appliances was going strong at advanced levels.

Further increases in production also were noted for trucks, industrial machinery and other "producer equipment," which covers the making of machines and tools

that will be used in turning out more consumer goods.

Ordinary methods don't always distribute the starch evenly through flimsy curtains. So try this: prepare a boiling hot starch solution, dip the curtains in and then run them through the wringer.

Airlines Win Safety Awards

Record Outstanding For 35 Carriers

CHICAGO—(P)—Thirty-six of the nation's airlines were named today as winners of the National Safety Council's 1949 aviation safety awards in recognition of their contribution to safe air transportation.

The council said 35 of the 36 domestic, territorial and overseas air carriers, flying scheduled passenger runs a total of nearly 6,000,000,000 passenger-miles, went through the year without a passenger or crew fatality. A passenger-mile represents one passenger carried one mile.

The American airlines, although it failed to complete 1949 without a fatal accident, set a new all-time record by flying 4,476,739,000 passenger-miles between Dec. 28, 1948, and Nov. 29, 1949, when its record was broken.

Trans-World Airline completed 1949 with the greatest unbroken passenger-mile safety record of any U. S. air line, the council said. The TWA flew 3,440,872,000 passenger-miles without any passenger or crew member fatally injured.

The council said four accidents in domestic operations and two in Alaska operations marred the "outstanding" safety record of U. S. carriers last year. These accidents killed 112 persons—97 passengers and 15 crew members.

The passenger death rate of 1.3 deaths per 100 million passenger-miles for domestic operations only is one of the best in air line history.

Baby-food strained prunes are excellent to use for prune whip; flavor the whip with a little grated lemon rind and serve with a soft custard sauce.

Miss Harrison,
Stuart Peterson
Exchange Vows

Of wide interest here is the wedding of Glenna Elizabeth Harrison, daughter of Mr. and Mrs. Grant Harrison of Sault Ste. Marie, Ontario, and Henry Stuart Peterson, son of the Henry A. Petersons of 317 South 7th street Escanaba, which took place Saturday afternoon, June 10, in St. Andrew's church in the bride's home city.

Mixed flowers and ferns in tall standards formed the background for the service read by Rev. J. Ralph Morden.

The bride, who was given in marriage by her father, wore a gown of blue satin, styled with a softly moulded bodice, petal collar and tapering sleeves, deep smocking at the neckline and a full skirt which formed a slight train. Her chapel veil edged with lace was gathered to a tiara of seed pearls. She wore a double strand of pearls as her jewelry and she carried a cascade bouquet of American Beauty roses and stephanotis.

Bridal Aides

Miss Elma Harrison, her sister, who was maid of honor, wore apple green nylon marquisette and lace with lace mitts and a bonnet of shirred net which tied under the chin. The bridesmaids were Mrs. Willis White and Miss Glynne Shipman. Mrs. White's gown was of maize nylon marquisette and lace and Miss Shipman wore orchid taffeta. Heart-shaped hats of net with large bows in the back and matching mitts completed their ensembles. All three bridesmaids carried woven baskets of mixed flowers.

Mr. Peterson's best man was Wesley Lehman of Sault Ste. Marie, Mich., and Willis White and Carl Lutes ushered.

The bride's mother wore a grey gabardine suit with black and white accessories and a corsage of pink roses. Mrs. Peterson attended the wedding in an aqua crepe frock with which she wore white accessories and a corsage of yellow roses.

A wedding luncheon in the church parlors followed the service. Centering the bride's table was the traditional tiered wedding cake topped with a nosegay of red roses.

Wedding Guests

Following a honeymoon in southern Ontario, Mr. and Mrs. Peterson will make their home in Caylord, Mr. Peterson, a graduate of Escanaba high school and the University of Michigan, served in the Navy and now is with the Michigan State Department of Conservation.

Guests at the wedding included Mr. and Mrs. H. A. Peterson and Roger and Richard, Escanaba; Frank Romanick, Cheboygan, Mich.; and Mrs. Elizabeth Mitchell, Mrs. Cecil Goodmurphy, Mr. and Mrs. Lorne Mitchell, and Miss Mylene Mitchell of Thessalon, Ontario.

Social-Club

Nelson-Kositzke
Miss Flora Lois Nelson, daughter of Mr. and Mrs. Arvid Nelson, Bark River Route One, and Charles Kositzke, Jr., Escanaba Route One, son of the senior Charles Kositzkes, were married Saturday, June 10, at 3 p. m. at St. Paul's church in Hyde by Rev. A. A. Schabow.

Apple blossoms decorated the church for the service. Mrs. Max Neumann was organist.

The couple was attended by Miss Bernella Bower of Harris and William Nelson, brother of the bride.

The bride wore a navy suit with white accessories and a corsage of red roses. Miss Bower wore a green suit with white and a corsage of pink and white roses. Mrs. Nelson, the bride's mother, wore a floral print and the bridegroom's mother was in navy blue. Both had corsages of pink roses and white snapdragons.

The bride's parents gave the wedding supper at their home.

The couple after a honeymoon in Lower Michigan will live at Hyde. The bride is a graduate of Bark River-Harris high school and her husband a graduate of Escanaba high school.

Mr. and Mrs. Ray Possi of Norway and Mr. and Mrs. Gustafson and family and Mrs. Rune Ostlund of Gladstone attended the wedding.

Bridal Shower

A bridal shower honoring Miss Virginia Baribeau was held Tuesday evening at Grenier's hall. Mrs. Ellen Caron was high, Miss Agnes Pepin, second and Mrs. Mary Rheame, low, in five hundred. Mrs. Donald McKie, first, Mrs. Theresa McLaughlin, second and Mrs. Ernest Baribeau, low, in canasta. Mrs. Stephen Clairmont, Miss Beverly Lafrenier and Miss Carole Friesen received the awards in games and Mrs. Richard Porath, the guest prize. A party lunch was served after the games. Miss Baribeau will become the bride of Wayne Schmitt July 8 received many lovely gifts. The party was arranged by Misses Agnes and Freda Baribeau.

Rebekah Social Party
Phoebe Rebekah Lodge No. 179 will hold a social party on Friday evening, June 16th at the Odd Fellows hall, North 10th street, beginning at 8 o'clock. The public is cordially invited to attend the party.

St. Stephen's Auxiliary
The Woman's Auxiliary of St. Stephen's Episcopal church will meet for luncheon at the home of Mrs. Fred Raymond M-35 Friday afternoon at 1:15. Those planning to attend are asked to call Mrs. C. E. Johnson.

St. Ann Club
The ice cream social held by St. Ann Social club last night was well attended. Cards were played and prizes given at each table. Bouquets of lilacs were used to decorate the hall and card prizes formed table centerpieces. A short talk on church affairs was given by Fr. Louis Cappel. Mrs. Arthur Guzzonato was party chairman.

Werner A. Olsons
Wed 25 Years
Mr. and Mrs. Werner A. Olson are celebrating their silver wedding anniversary Sunday, June 18, with an open house at their home, 805 South 19th street. Mr. and Mrs. Olson who were married in Menominee have lived in Escanaba nearly all of their married life. Their family includes twelve children and three grandchildren.

Women's Matches
At Highland Club

Women of the Highland golf club met yesterday for their weekly afternoon play followed by dinner at the club house and bridge. Mrs. Wolford Peterson was golf winner; Mrs. Harold Winchester received the guest award and high scores in bridge were held by Mrs. Earl Brown, Mrs. C. E. Johnson and Mrs. Jerome Cayen. The committee for June 21 is Mrs. Gladwin Oberg, chairman, Mrs. Lloyd Peltier, Mrs. Stanley Ostrman, Mrs. Albin Olson, Mrs. John Nystrom, Mrs. John Novak, Mrs. Gunnar Nelson, Mrs. Harry Ehnerd and Mrs. Arnold Nelson. Reservations are to be made with Mrs. Oberg or at the club house not later than Monday evening.

Rev. James Bell
At Conference

Rev. James H. Bell of the First Presbyterian church left Thursday morning for Bowling Green, O., where he will attend a national Caravaners' training conference. Mr. Bell will serve as a member of the faculty of the conference and will be faith and life advisor.

He will return to Escanaba June 24. The Caravan program of the Presbyterian church is a youth program designed to give young people work opportunities during the summer in small church and mission fields.

Church Events
Elect Guild Officers
The Ladies' of St. Thomas Guild in a recent election named officers for the ensuing year, with Mrs. John P. Gries, president.

Other officers are Mrs. Ed Turnquist, vice president; Mrs. Nick Jordan, treasurer, and Mrs. Robert Trotter, secretary.

It was reported at the meeting that a clothing relief drive has been successfully conducted. Plans were completed for second annual St. Thomas parish picnic to be held July 16 at Beauchamp's Grove, Flat Rock.

Dr. Blanche Dow
Will Speak At
P. E. O. Convention

Dr. Blanche H. Dow, president of Cottey Junior college, Nevada, Mo., will be one of the principal speakers at the Michigan state convention of the P. E. O. Sisterhood which will be held in Escanaba June 19, 20 and 21.

Dr. Dow, who also is vice president of the southwest central region of the American Association of University Women, is a member of a family of educators. She received her early training in a private school, and received her B. A. degree from Smith college and M. A. and Ph. D. degrees from Columbia university. She also received a diploma from the School of Expression in Boston and has done graduate work at the Sorbonne in Paris.

Teaching positions at Milwaukee-Downer seminary and Grand River college occupied Dr. Dow's time before she became a member of the Garrick Players at the Schubert theater in Washington, D. C. Teaching French and dramatics again attracted Dr. Dow and she joined the faculty of Northwest Missouri State Teacher's college, Maryville, until the fall of 1949 when she became president of Cottey Junior College.

Statistics show that more premature babies are born in May than in any other month.

Church Events
Elect Guild Officers
The Ladies' of St. Thomas Guild in a recent election named officers for the ensuing year, with Mrs. John P. Gries, president.

Other officers are Mrs. Ed Turnquist, vice president; Mrs. Nick Jordan, treasurer, and Mrs. Robert Trotter, secretary.

It was reported at the meeting that a clothing relief drive has been successfully conducted. Plans were completed for second annual St. Thomas parish picnic to be held July 16 at Beauchamp's Grove, Flat Rock.

Mrs. Mary Haapaniemi of Virginia, Minn., is visiting at the home of Mr. and Mrs. John Jokela and with Mrs. John Kaminen, Jr.

Mr. and Mrs. Hoy York and son of Chicago are spending a few days at the Oscar Kaminen home.

Gail Ramseth had an operation for removal of tonsils at St. Francis hospital, Escanaba, Tuesday.

Mrs. Jenny Pascal, Mrs. Salmi Pietila and Mr. and Mrs. William Pietila and family of Palmer were guests Sunday at the home of Mr. and Mrs. John Selm.

Mr. and Mrs. Chester McGeorge of Detroit were weekend guests of Mrs. Oscar Ranninen.

Nancy Koski, Norma Seppanen, Patsy Seppala and Jeannette Martila will be employed in Escanaba during the summer months.

Judy, Jimmie and Johnnie Rabideau of Escanaba are spending a week with their grandparents, Mr. and Mrs. Stephen Rabideau.

Mrs. Lizzie Ahola is attending the Suomi Synod conference at Ishpeming this week.

Obituary

JULE DUCHAINE

Funeral services for Julie Duchaine, Escanaba, well-known former Gladstone resident, were conducted yesterday morning at 9 o'clock at a solemn requiem mass in All Saints Catholic church. Celebrant was the Rev. Fr. Arnold Thompson of Escanaba with Fr. John Ryan as deacon and Fr. Theophane as sub-deacon. Music of the mass was sung by the student choir with Melanie DeHooghe as organist.

Serving as pallbearers were Martin Young, Earl Druing, Arvid Bosk, Donna DeMars, Hubert Casey and Donald Reaume. Burial was made in the Gardens of Rest.

Attending the rites from out of town were Mr. and Mrs. Peter Vermote and daughters, Jackie and Sherry, and Kenneth and Catherine Duchaine of St. Nicholas, Mrs. William Duchaine and daughter, Nancy, Mr. and Mrs. Frank Rouse and Floyd Duchaine of Escanaba, Mrs. Julia Jordin and Mr. and Mrs. Louis Branger of Milwaukee, Mrs. Anna Pierantoni, Mr. and Mrs. Frank Kohler and Mrs. Howard Fitzgerald of Iron Mountain, Mrs. Zowa Reardon of DePere and Mr. and Mrs. Jules Duchaine of Wilson.

Bike Parade Friday Night

Event Arranged For Children Under 13

A bicycle parade for boys and girls not over 13 years of age is to be held here Friday evening under the direction of the recreation department, it is announced by Elmer Peterson, director.

The event is the first of a series planned for youngsters during the summer months.

The march, or ride, will begin at the high school at 7 o'clock and will be led by the high school band. All bikes are to be decorated.

Five prizes, contributed by local business houses, will be awarded the winners.

Youngsters wishing further information on the parade may contact the recreation center.

Isabella

Mrs. Robert Grivicich, sr., of Marquette spent the weekend with her son-in-law and daughter, Mr. and Mrs. Isadore Bonifas.

Melvin Anderson and Karl Fredrickson who attend Michigan College of Mining and Technology at Houghton were weekend guests of Kenneth Peterson.

Mr. and Mrs. William Bonifas have returned from Lake Linden where they visited during the weekend with their son-in-law and daughter, Mr. and Mrs. Clarence Dupuis and family.

Miss Gloria Bonifas has returned from a visit with her sister, Mrs. Neale Olmstead in Detroit.

Mrs. William Besner and daughter, Cynthia, are arriving this

Formal Opening Of Store Friday

Modern Co-op Now In New Location

Formal opening of the new Gladstone Cooperative store in its new location will be held on Friday.

The new retail establishment is located at 1023 Delta avenue in a building in earlier years known as the Pacific House.

Modernization of the structure has been effected.

A new brick and plate glass front with entry at the east has been constructed. Ceilings have been lowered, a tile floor laid and the interior redecorated. New shelving and counters have been installed and the store has a highly pleasing appearance.

It is laid out on the self-help plan for convenience of customers, with meat department at the rear and groceries and fruits and vegetables in front.

Children To Give Program At Service

A Children's Day program will be presented at the morning service Sunday at 11 o'clock in Memorial Methodist church.

The program will include recitations and songs by the nursery and kindergarten classes and first, second and third grade classes. There will be a scripture reading by Cynthia Ridings, a talk by William S. Skellenger and benediction by Tommy Butch.

The children are inviting their parents to worship with them.

The service will conclude Sunday church school for the summer months.

Junior Softball Results Listed

The Buckeye Cardinals nosed out the West Enders, 9-8, Wednesday morning in the playground junior softball loop. In the afternoon the East Enders walloped the West End by a 21-12 count.

Cub Pack 456 To Sponsor Picnic

Cub Pack 456 is planning a family picnic at the Dutch Mill next Sunday. All Cubs and their parents should meet at the Buckeye school Sunday afternoon at 2 o'clock. Transportation will be furnished. Each family group will bring their own lunches.

Social

Hardes-Mohrman

Erle Martin Mohrman of 123 Champion street, Marquette, and Constance Norma Hardes of Trout Creek were united in marriage yesterday by the Rev. C. V. S. Engstrom, pastor of the Mission Covenant church. Attending the couple were Mrs. Karl Harrell and Mrs. Jane Brown.

week from Lufkin, Tex., to spend summer at the home of her parents, Mr. and Mrs. George Mayhew and with her sister, Mrs. Raymond Nadeau.

Mrs. William Nadeau has been dismissed from St. Francis hospital where she received medical treatment and is convalescing at her home.

Notice

Turn To Page 7

for the Red Owl advertisement of food specials, with prices effective also at the Gladstone Red Owl Store.

City Briefs

Jack Hillman has returned to Chicago after attending funeral services here for Lt. Michael Cannon.

Miss Dorothy Olson, who has been visiting her parents, Mr. and Mrs. John A. Olson for the past week, returned Wednesday to Iowa City, Iowa.

Mr. and Mrs. Ray Barnard and son Bobby arrived Tuesday night from Houshey, Pa., to vacation visit with her parents, Mr. and Mrs. Oscar Knutson.

Mr. and Mrs. Jene VanArman of Allegan, Mich., visited over the weekend with her parents, Mr. and Mrs. Joe VanArman.

Mrs. Alfred Valentine arrived Tuesday from Pittsburgh, Pa., to visit with her parents, Mr. and Mrs. Orville Hoover for two weeks. She will leave Sunday for Delafield, Wis., to accompany her son Dick, who is a student at St. John's Military Academy, to Gladstone for a visit before returning to their home in Pittsburgh. He will have as his guest, Miss Betty Klein of Madison, Wis.

Mr. and Mrs. Carl J. Anderson have returned from Stambaugh, Mich., where Mr. Anderson has been hospitalized following an accident last week. He is getting along nicely.

Mr. and Mrs. Robert Peterson and son Jimmy of Marquette, Mich., visited over the weekend with her parents, the Lee J. Alwardens city and with his parents in Escanaba.

Mr. and Mrs. Russell Dunn returned to their home in Milwaukee on Wednesday following a vacation visit here with her parents, Mr. and Mrs. Lloyd Seely, Route one, Gladstone. Mrs. Dunn spent two weeks at her parental home and Mr. Dunn visited for one week.

Mrs. Fred Schoder and daughter Linette arrived Monday from St. Louis, Mo., to spend a couple of months with her mother, Mrs. Emil Peterson. Mr. Schoder has been transferred from Washington D. C. to St. Louis, Mo.

Mr. and Mrs. Charles Murray have left for Lake Odessa, Mich., where they will visit their son, Devore Murray and then continue on to Chicago to visit another son, Ralph and his family, and other relatives. They will be gone about 10 days.

Phil Hupy left last night for Madison to attend exercises at which a son-in-law, Joseph F. Behrend, will be graduated from the University of Wisconsin Medical school. The exercises will be held Friday morning at 8:30 o'clock. Behrend worked for the Firestone Store in Escanaba about 12 years ago and is known to many in this area. He later entered service and spent 36 months with the U. S. Navy. Mr. Hupy will return to Gladstone on Sunday.

Noreen Sebeck, daughter of Mr. and Mrs. Carl Sebeck, is a surgical patient at St. Francis hospital.

Mr. and Mrs. Allen F. Lundberg and Allen Jr., of Ensign have returned from Flint where they visited relatives and friends.

Will Celebrate Golden Wedding

John Holms Plan Open House Sunday

Mr. and Mrs. John Holm of 605 Montana avenue will on Sunday celebrate their golden wedding. Open house will be held at the family home Sunday afternoon and evening for friends of the couple.

Mr. and Mrs. Holm were united in marriage in Wasa, Finland on June 16, 1900. They came to Gladstone on their honeymoon and remained.

Mr. Holm worked for many years for the Cleveland Cliffs Co., at Kipling and later for a long period for the Soo Line until his retirement because of ill health six years ago.

There are four children in the family: namely, Mrs. George T. (Elsie) Lamberg, Mrs. Peter L. (Jennie) Standing, Elmer G. Holm and Mrs. Harvey J. (Astrid) Potvin.

Explains Plan To Assist Retailers

Howard R. Sommer of the Division of Field Services, Central Michigan College, Mt. Pleasant, who is now in the Upper Peninsula under the sponsorship of Northern Michigan College of Education, explained the Retail Round Table, a new plan for retailers, at the weekly Coffee Hour at the Midway Wednesday morning.

Sommer told his listeners that we have come through an unusual retailing period in the last ten years but that things are now changing and to stay in business it now is necessary to give the customer what he wants, when he wants it and at a price he is willing and can afford to pay.

He explained that in four communities of the Upper Peninsula retail clinics will be conducted providing merchants of the community so desire. For management there would be various topics dealing with successful retail store operation; for salespeople the development of selling technique, plus a consultation service to aid merchants solve individual problems.

No decision was reached at the Coffee Hour as to whether the round tables would be held here.

How To Hold FALSE TEETH

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEREETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEREETH today at any drug store.

munities of the Upper Peninsula retail clinics will be conducted providing merchants of the community so desire. For management there would be various topics dealing with successful retail store operation; for salespeople the development of selling technique, plus a consultation service to aid merchants solve individual problems.

No decision was reached at the Coffee Hour as to whether the round tables would be held here.

How To Hold FALSE TEETH

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEREETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEREETH today at any drug store.

Former Local Resident Dies

Rites Held Monday
For H. Arrowood

Funeral services were held in West Allis, Wis., on Monday afternoon for Harry N. Arrowood, 52, for many years a resident of Manistique. He had died the Friday previous from a heart attack, having been in poor health for a long time.

Mr. Arrowood was born in Manistique on January 24, 1898 and attended schools here. Twenty-seven years ago he entered the employ of the Cutler-Hammer Company at West Allis, and was with the same company at the time of his death.

Surviving him are his wife, Gladys; a daughter, Dora, and three sons Joseph, Richard and Ronald; his mother Mrs. Almeda Arrowood, of Manistique; five sisters, Mrs. George Gilliamham, Birmingham; Mrs. Lawrence Strasser, Manistique; Mrs. Lawrence Knuth, Van Dyck; Mrs. Emory Bryers, Dearborn; and Mrs. Gabriel Blasko, Detroit; three brothers, Emmanuel Arrowood, Iron Mountain; Donald and Ralph, Manistique.

Manistique people attending the funeral were Mr. and Mrs. Lawrence Strasser and son Howard; Mr. and Mrs. Ralph Arrowood and son Leonard; Mr. and Mrs. Donald Arrowood and Mrs. Almeda Arrowood, Emmanuel Arrowood, of Iron Mountain also accompanied the group.

City Briefs

Miss Arleen Podhola has returned to Manitowoc, Wis., following a visit here with her brother and sister-in-law, Mr. and Mrs. Edward Podhola.

Mrs. Eva Shady, who has been making her home at Cloverland Lodge, has gone to McMillan for a visit with her son.

Mr. and Mrs. L. V. Graham left Wednesday for Ypsilanti where they will attend graduation exercises at the Michigan State Normal there. Their daughter, Evelyn Graham Dickson is a member of the graduating class. Before returning home the Grahams will visit relatives and friends at Detroit, Lansing and Willow Run.

Edward V. Jackson and Charles Isaacson are leaving today for Los Angeles, Calif., where they will attend the national Shrine convention.

Mrs. Edith West of Jacksonville, Fla., is visiting here with Mr. and Mrs. William LaFreniere and other relatives and friends. Mrs. West, a former resident, will visit in other points in Michigan and Wisconsin before returning to Florida.

Recent visitors at the home of Mr. and Mrs. William McEachern home in Cooks were Mr. and Mrs. Harold Dougherty, Detroit, and Mr. and Mrs. Arthur Larent, Two Rivers, Wis.

Mr. and Mrs. Arthur Hardy and son of Iron Mountain, Mrs. Pete Schram, Mrs. Glenn Myers, Mrs. Fred LeGault, Misses Janet LeGault and Bernice Lewis of Gladstone and Mr. and Mrs. Caleb Johnston and daughters, Janice and Jean of Isabella were recent visitors at the William LaFreniere home on East Elk street.

Mr. and Mrs. George Jackson of Ottawa, Canada, and Mrs. Clifford Jackson and son, Harold and daughter, Marilyn, visited today in Menominee with Mr. and Mrs. Clifford Jackson, Jr.

Seney

Parents of Daughter
SENEY—A daughter was born to Mr. and Mrs. James Cornell at Tahquamenon hospital, Newberry, June 7.

Birthday Party
Wayne Von Wald celebrated his 7th birthday anniversary with a party at his home. Outdoor games were followed by a party. Lunch. Guests were Sally Niemi, Arnold and Sonja Hyonen, Butch Gonsler, Jimmy and Rita Mae Boyd, Virginia Larson and Nancy Von Wald.

Personals
Mr. and Mrs. Les Walstrom were called to Iron Mountain by the death of a niece.

Mr. and Mrs. Sid McArthur and family are visiting relatives in Otter Lake. Mrs. Curry is taking care of their over-night cabins.

Mrs. Betty Beard has arrived from the University of Michigan at Ann Arbor to spend the summer doing biological work at Seney Refuge.

Tom Tobin who was graduated from the forestry department of Michigan State college last week is spending a few days at his home here enroute to Idaho where he will be employed.

Mr. and Mrs. E. Pelkie attended the wedding of a cousin at Neenah, Wis., Saturday.

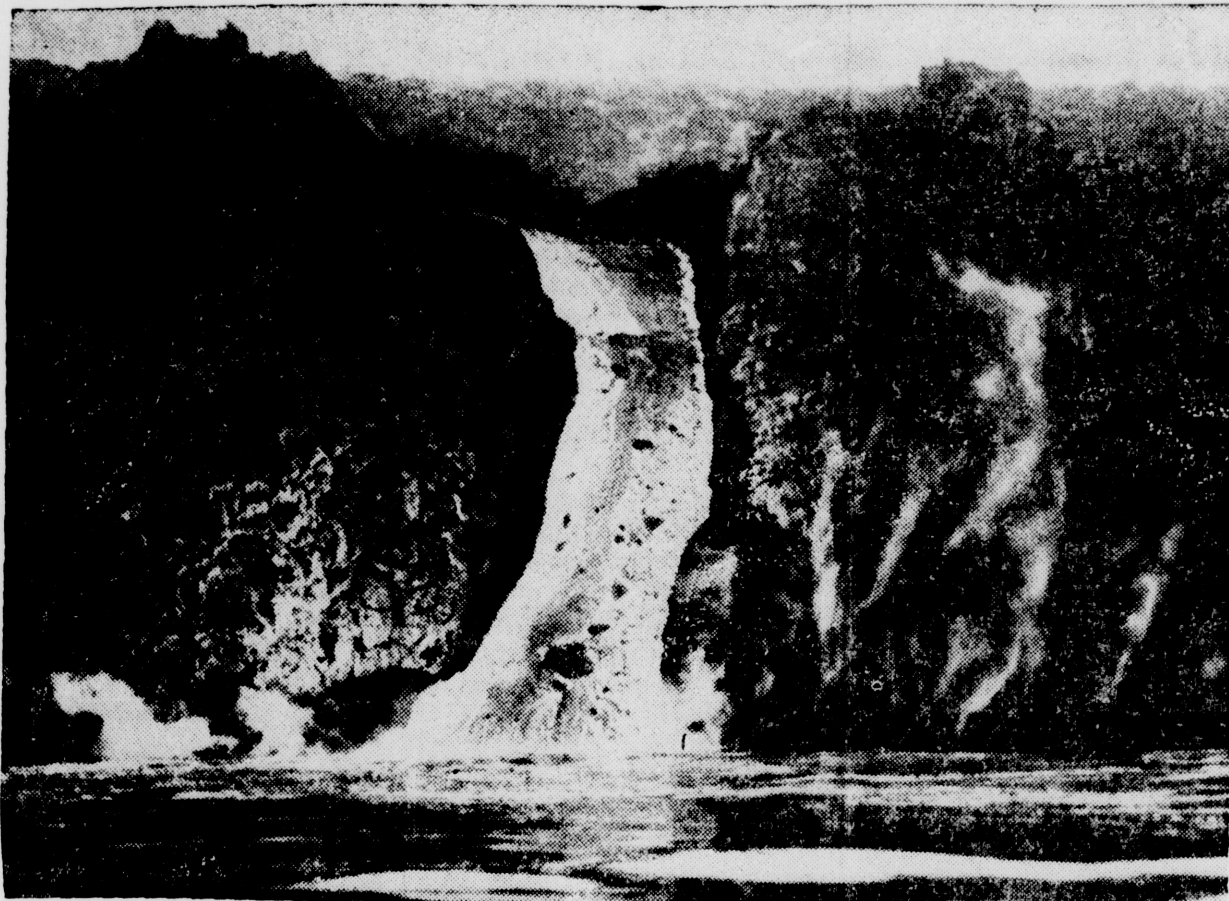

Glen Short has purchased the Ed Carson property and is getting it in shape for occupancy.

Don Smith arrived home this week from Tulsa, Okla., where he has been attending school.

Mr. and Mrs. Ernie Bidwell spent Sunday at Sault Ste. Marie, Ontario.

Mr. and Mrs. J. E. Sidall and sons, Paul and Larry, visited Seney friends Friday and Saturday enroute to their home at Carnes.

Mrs. Leo Spencer and her father, Alex Mallon, visited at the Tobin home enroute to their home in Elk Rapids.

MOLTEN LAVA FLOWS INTO SEA—A molten stream of lava about 50 feet wide pours into the sea from Mauna Loa, Hawaii. The camera-man, just 75 feet from the cascade, reported the water warm and of a glassy appearance. (NEA Telephoto)

Homecoming Committee Announces Plans For Big 3-Day Celebration

A general plan for Manistique's Legion sponsored three-day homecoming celebration has been officially mapped out.

At a meeting of the general committees held at the Legion cottage Tuesday evening, finishing

Briefly Told

Correction—Daily Vacation Bible School at the First Baptist church of Gulliver, will be held for one week beginning June 18, and from 9 a. m. to 2 p. m., instead of June 26, and from 9 to 12 noon, as previously stated.

Pythian Sisters—Members of the Pythian Sisters will meet this evening at 8 at the home of Mrs. Max Osterhout, Walnut street. Please note change in date.

Bake Sale—The King's Daughters society of the Bethel Baptist church will hold a bake sale at Severs and Brodin store on Friday at 1 p. m. Have donations in early.

Rebekah Lodge—Agnes Rebekah Lodge, No. 159, will hold a regular meeting this evening at 8 p. m. in the V.F.W. hall. A good attendance is desired.

Assistance Asked For Family Made Homeless By Fire

Mrs. Walter Busch, home service chairman for the Red Cross in Schoolcraft county, is asking assistance for a family made destitute by fire.

The Laurel Mitchell family home was visited by a disastrous fire early Wednesday morning and the members were forced to leave the house without any of their belongings.

Home furnishings and clothing will be gratefully received. Urgently needed are clothing items for Mr. and Mrs. Mitchell and two small children. One child is 18 months old the other four months old. A bed, with mattress and springs and a children's crib are also much needed.

Those having donations will please call 27F13.

Boy Scouts Given Awards

Court Of Honor
Held Tuesday

Eleven Boy Scouts received badges of rank at a Court of honor held at the scout building on Tuesday evening.

Those receiving their first class badges were Francis Laurion, Billy Schobert and Tom Shampine. Second class badges were awarded to Tom Grimsley, Gary Jewett, Ronald Johnson, Ray Lanier, Jack Lanier and David Heinz. The highlight of the evening was the presenting of the Tenderfoot badge and welcoming into the troop Willard G. Garvin.

The badges were given out by Rev. W. H. Schobert, who is head of the sponsoring institution, Rev. Paul Sobel, Scout Commissioner and Ed Kot, Scout executive for the Red Buck District.

Parents attended the awarding of the badges and the ceremony welcoming the tenderfoot into the troop. Lunch was served later.

Social

Lady Foresters

A regular meeting of the Lady Foresters was held Tuesday evening in the school hall. Following the business session cards were played with prizes in bridge going to Mrs. Victor Schuster, high and Mrs. Don Hoholik, second. In five hundred, Mrs. John Barr held high and Mrs. Hattie Marin, second. Mrs. Evelyn Johnson received high score in canasta and Mrs. Stella Potvin, second. Lunch was served by a committee headed by Mrs. Alice Frankovich.

W. B. A. Meeting

A regular meeting of the Women's Benefit Association was held Tuesday evening at the home of Mrs. Jack Hewitt, at Gulliver. Mrs. Jack Denny was assistant hostess. After the business session cards were played with prizes being awarded to Mrs. Alex Robertson, high and Mrs. George Weber, second. The special prize went to Mrs. Adeline Bouchard.

Biggest tide in the world is in the Bay of Fundy, where the extreme rise and fall differs by 70 feet.

Child Clinic Here June 20

For West Side Pre-School Children

A preschool clinic sponsored by the Lincoln PTA and the health department will be held at the Lincoln school on Tuesday, June 20 at 1 p. m. for all children entering school this fall who live on the west side of town.

These children are invited to come to the clinic for a physical examination and immunization. Parents wishing immunization for other preschool children are asked to bring them at that time. They are urged to come promptly at 1 p. m.

A similar clinic for the east side of town will be held at a later date at the Central school.

dar street.

There will be a ball game at 3:30 o'clock between Cooks and the Manistique Cardinals.

At 8 p. m. a band concert will be held at the high school stadium and the grand finale will be a brilliant fireworks display at Lakeshore park.

Children's Golf Classes To Start Thursday Morning

Golf classes for children between the ages of 10 and 15 will begin on Monday, June 19 at the Indian Lake Golf club and will be held every Monday and Thursday beginning at 9:30 a. m.

Don St. Cyr, golf pro, urges parents to get their children interested in golfing. A small fee will be charged for each class and students must bring their own clubs.

Anyone desiring additional information may call 29-F-11.

Matt Seppela, Of Escanaba, Dies Wednesday

Matt Seppela, 60, who up to recently resided at 1600 Ludington street, Escanaba, died Wednesday morning at the Cloverland Lodge, where he has resided for the past three months.

The deceased lived for many years at Rock, where he followed woods and farm work. He was unmarried. A brother, John Seppela, of Rock, survives.

Funeral services will be held Friday afternoon at 2 o'clock at the Kefauver & Jackson funeral home. The Rev. G. A. Herbert will conduct the services and burial will be in Fairview cemetery.

Lois Harding Becomes Bride Of L. R. Bryant

Baskets of vari-colored gladioli decorated the altar of the First Baptist church for the wedding on Saturday, June 10 of Miss Lois Mae Harding, daughter of Mr. and Mrs. Lorine Harding, Otter street, and Lawrence Roderick Bryant, son of Mr. and Mrs. Fred Bryant, 105 North Third street.

The Rev. William H. Schbert officiated at the 4 o'clock ceremony. Traditional nuptial music was played by the church organist. The double ring ceremony was used.

Attending the couple were Miss Thelma Bryant, sister of the bridegroom and Herbert Blowers, brother of the bride.

The bride wore a gown of white organdy and satin in colonial style, and a head piece of tulle and satin with crown of seed pearls. Her only jewelry was a heart shaped necklace of seed pearls, a gift of the groom. She carried a colonial bouquet of red roses and baby breath. Her attendant wore blue organdy and satin in colonial style with a Dutch cap and carried a colonial bouquet of yellow roses and baby breath.

Mrs. Harding chose for her daughter's wedding a wine tailored dress with white accessories and a corsage of yellow carnations.

tions. Mrs. Bryant, the bridegroom's mother, wore a gray tailored dress with navy blue accessories and a similar corsage.

A reception for 75 guests was held at the home of the bride's parents following the ceremony. The couple left later on a honeymoon trip to an unannounced destination. A large 4-tier wedding cake graced the luncheon table.

The bride and groom both attended Manistique High school and the groom is a veteran of World War II.

Out-of-town guests were Mr. and Mrs. William Martin and children, Joey and Cassie of Appleton, Wis.; Mr. and Mrs. Frank Blowers and granddaughter and Mr. and Mrs. Herbert Blowers and children, James and Hazel, Nahma; and Mrs. Eva Enenden and Mrs. Anne Famille of Sault Ste. Marie, Ont.

Spilling The Dope Bears And Bark River Play To 4-4 Standoff

By Charlie Larson

John Frechette, Jr., knew Kiki Cuyler, longtime Cub star, "Home" from Harrisville, where he is county superintendent of schools, John was telling us the other day about the gloom that hung over the little town of Harrisville (about 800 persons in northeast lower Michigan), when Cuyler died of a heart attack a few months ago.

Despite all the years of acclaim in Pittsburgh, Chicago and other major league cities, Cuyler was still "small town" and spent most of his off season time in his native Harrisville.

"Cuyler loved to fish," said John. "He always took part in community musical events and when he failed to direct a minstrel show one night, everyone wondered about it."

"Shortly after that, he suffered a heart attack while fishing. He died a week later in an ambulance en route to Ann Arbor. Harrisville lost a swell guy when Cuyler died. They don't come any nicer."

Bumped into John Manning on the street the other day and he reminded us of our "younger" days when we used to go ice skating.

That seems a long time ago, although his reminder brought it a lot closer.

Jim Fitzharris' wife, Harriet, probably painfully remembers at least one of our "icecapades."

We were chasing a rubber ball with a broom across the fairgrounds indoor rink at top speed when, out of nowhere, Harriet loomed ahead.

We had no time to change direction and Harriet had no time to get out of the way of the rumbling human freight train.

When collision seemed inevitable, all we could think of was trying to keep the long racing blades from cutting her and to keep her head from cracking against the ice.

Apparently Harriet withstood the shock of 200 pounds. At any rate, we note she's winning golf contests these days.

Escanaba high school didn't fare very well in nominations for the southern squad of the U. P. all star football game to be played at Negaunee Aug. 11.

Despite the fact that the Eskymos defeated Soo, Ironwood, Menominee and Kingsford, only three players were nominated—Axel Anderson, Tom Nault and Buddy Webber.

Only St. Joe with Jack Miron and Stephenson with Harold Bruberg had fewer nominees.

For instance, Menominee had 10 although it lost to Escanaba. Iron Mountain had eight, Stambaugh six, Iron River five and Kingsford, Norway and Crystal Falls four each. Gladstone and Manistique had three each.

Not even Jim Chapakis, Eskymos' near unanimous All U. P. guard, is on the list of 52 players being voted on.

Iron Mountain To Play Paper Mills On Sunday

The Liberty Loans, leading softball team of Iron Mountain, will play the local Paper Mill nine at Memorial Field at 8:45 Sunday night. The Negaunee VFW will meet the Escanaba Steam Laundry in the preliminary at 7:15.

With old Ralph "Cabby" Izzo still pitching well and speedy Leo Paoli hitting more than 400, the Iron Mountain team should prove troublesome to the Paper Mill, U. P. class A champs in 1948.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK—The Loyola (Chicago) basketball team has received an invitation from Brazil's Flamingo club for a three-week tour and is giving it serious consideration. Since Lynn Patrick recently moved his family to the west coast, the only remaining representative of the tribe that put New York on the hockey map is Joe, who never played in the big league. . . . Gerald (Germ) Leemon, who has coached the Fort Dodge, Ia., wrestlers to championships the past two years, has signed as assistant to veteran Billy Sheridan at Lehigh.

Shift To The Right
When Paul Brown was coaching football at Massillon, O., Ohio school, he noticed one kid who was willing enough but who seemed too weak and listless to play. . . . Investigation revealed the boy's family was destitute and Paul enlisted the aid of the Massillon booster club. . . . The family was put on its feet and the kid, after playing high school ball, went on to Ohio State. . . . On his arrival, the kid received a hearty welcome from Athletic Director L. W. St. John. . . . In reply, the youngster said solemnly: "Mr. St. John, if I hadn't been for Paul Brown, I'd have been down here in Columbus before this, but in another institution. . . . Besides the university, one institution in Columbus is the state penitentiary."

Sportsmention
Patty Berg, Babe Zaharias, Louise Suggs and Betty Jameson will play a golf exhibition in Denver Sunday with receipts going to help girls' golf. It was Patty's idea. . . . Al Klutz, brother of Clyde, veteran Baltimore catcher, is managing Clinton in the Tobacco state league and, at last look, had a 402 batting average and a 2-0 pitching record. . . . At the William and Mary college commencement, basketballer Chet Giermak received a trophy as the outstanding member of the senior class, based on scholarship, service, leadership, character, etc. . . . Chet was tops in everything. . . . Four years ago he received a similar award at Chicago's Lindblom high school.

The Escanaba Bears and Bark River will have to start all over again.

In the first meeting, Bark River won a 13 inning game and last night at city diamond the two teams played to a 4-4 standoff in seven innings, before a large crowd. The game was called on account of darkness.

And a standoff it was, too. Both teams made four runs and six hits each. Ben Kleiman, Bark River pitcher, got six Bears on strikeouts and Russ Hiltunen, Bears' hurler, struck out seven.

The Bears opened with one run in the third inning on a single by Ray Kolb, a double by Dean Bailey and an error by Ben Kleiman on an attempted sacrifice by Tom St. Germain.

Four Runs In Third
Bark River came back with a bang in their half of the third to score all their runs. Ben Kleiman got on base on an error by Kolb. Wally Flath singled, Eddie Mahanke walked, Harold Kleiman singled and John Hanson doubled. Two fielders' choices added to the push.

But, after that burst, Bark River got only two hits off of Hiltunen in the next four innings.

In the fourth, the Bears scored a single run on walks to Jim Buckingham and Ronnie Sedenquist, a wild pitch, stolen base and a fly ball by Tippy Legault.

The Bears added their two final runs in the fifth. Bailey and St. Germain singled and Charlie Olson doubled. And that was it for Escanaba. Hiltunen's seventh inning single was the Bears' only other hit.

Bailey, with his single and double, led the Bear attack while Harold Kleiman, Bark River shortstop, got the same for Bark River.

Top Big 10 Team Sought Yearly

Coast Loop Will Renew Bowl Pact

VICTORIA, B. C. —(P)—The Pacific coast conference is ready to renew its Rose Bowl pact with the Big Ten and to open the gates to television—with a few reservations.

The conference wound up its annual summer session here yesterday, agreeing to permit live television of conference football games in 1950.

Television sponsors must guarantee a "gate." Competing schools will estimate what the minimum attendance should be for their games and the telecaster will have to assure an equivalent financial return.

On the Rose Bowl agreement the coast loop will ask the Big Ten to send its best team to the bowl every year. During the current five year agreement the Big Ten has not permitted any team to appear more than once in three seasons.

Rose Bowl committees of the two circuits will confer June 21 at Madison, Wis.

Saginaw Slows Up Flint Pace

(By The Associated Press)

The Saginaw Bears slowed the pace-setting Flint Arrows in the Central baseball league last night by riding to a 4-2 victory on the six-hit pitching of bespectacled Warren Martin. It was the first win for the Bears in Atwood stadium at Flint.

The Dayton Indians and the Charleston Senators split a doubleheader before 3,256 fans. Dayton won the opener 7-0 and Charleston came back to win the nightcap 8-2.

Jim (Specs) Kinsey pitched a brilliant six-hitter for Grand Rapids in shutting out the Muskegon Clippers 3-0. A crowd of 1,189 saw the afternoon game at Grand Rapids.

Senators Trade Weik For Mickey Vernon

NEW YORK—(P)—The trading deadline in the major leagues is midnight tonight. The prospect is for few, if any, player switches. The Washington Senators yesterday traded rookie pitcher Dick Weik to the Cleveland Indians for veteran first baseman Mickey Vernon. Washington had traded Vernon to the Indians several years ago.

ONCE OVER LIGHTLY — A high flying Brazilian, striped shirt, sails feet first through the air to grab ball in Mexico City soccer game. The acrobatic South American caught the ball with his toe, completed a back flip to land on his hands and knees. The visitors defeated Mexico, 3-2, in Olympic Stadium.

Failure Of Fireman Joe Page Leaves Yanks In Shaky Spot

(By The Associated Press)

What ever happened to fireman Joe Page of 1949—the greatest relief pitcher ever?

Recent work of the New York Yankees' bullpen artist reminds fans of the Page of 1948—and in-and-outer who flopped after a glorious pennant year in 1947.

Highest priced of all Yankee pitchers with a \$30,000-plus wage, Page failed the world champs yesterday for the second day in a row. With Manager Casey Stengel struggling along on a seven-man staff, Page's trouble is most serious. Last western trip they won nine in a row. Now they've lost the first two.

Bothered by a sinus infection during the long home stand, Page saw little action. He had a week's rest before Stengel tried him in Chicago Tuesday night. Joe didn't have it.

Allie Reynolds was one out away from victory yesterday when the White Sox caught up with him. With two gone in the ninth and New York leading, 2-1, a single and a walk by pinch hitter Floyd Baker and Luke Appling and a single by Chico Carrasquel tied the score.

Stengel waved in Page. Joe's third pitch to Dave Philley sailed into the lower left field seats for a three-run homer and the ball game, 5-2.

Last season Page strode from the bullpen 60 times. The Yanks won 42, lost 17 and tied one of those games. So far in 19 appearances by Page, New York has won 11 and lost eight.

Especially alarming to Stengel is Page's new habit of throwing the home run ball. Five batters hit homers off him so far. Only seven did the trick all last season. Page's failure cost the Yanks a chance to gain on Detroit. Instead the Tigers clung to their half game lead despite an 8-2 defeat by Philadelphia.

Blackhawk Post To Goodfellow

Former Red Wing Is Chicago Coach

CHICAGO — (P) — Ebenezer (Ebbie) Goodfellow, former Detroit Red Wing hockey ace and manager of the St. Louis flyers for the past two years, is the new manager of the Chicago Blackhawks.

Bill Tobin, president of the National hockey league's Chicago club, announced that Goodfellow, now 44, had agreed on a three year contract as a successor to Charlie Conacher.

Conacher, who piloted the Hawks for the past two seasons, resigned to devote his time to business interests in Toronto, Ontario.

Goodfellow, a National league hockey standout for 14 years, most of the time with Detroit, took over the manager's spot at St. Louis in the American hockey league in the 1947-48 season. He lifted the flyers out of the last place and led the team to the league's western division title in his second year.

Vassar Co-ed Wins College Net Title

SYRACUSE, N. Y. — (P) — Vassar college's Barbara Jane Scarlett of Baltimore is still the eastern intercollegiate women's tennis champion.

The 20-year-old co-ed defeated her hometown friend, Mrs. Adrienne Ayares of Goucher College, 6-3, 2-6, 6-3, yesterday. Miss Scarlett defeated Mrs. Ayares to win the crown a year ago.

Avelino Madamba of Tri-State (Ind.), engaged Jack Sunderland of Kalamazoo in men's quarter finals today.

Madamba defeated George Muller, of Williams, 6-1, 6-2, yesterday.

Macks Put Stop To Tiger String

WICKET BLOW — Gloria Nord, American roller-skating star, takes a crack at cricket in London. Bernadette O'Malley, also of "Skating Vanities," is the wicket keeper.

DETROIT—(P)—Hoot Evers ran his hitting streak to 19 games yesterday but it wasn't enough for the Tigers to overcome some fine pitching by Lou Brissie as the Philadelphia Athletics trounced Paul Trout, 8-2.

Brissie's six-hit performance stilled the Tiger bats and cost them a chance to increase their American league lead over the second place New York Yankees. Detroit was trailing 5-1 in the fifth inning when the news came that Chicago had beaten New York 5-2.

Not even that welcome news could get the Tigers started against Brissie's stuff. Don Kolloway hit a seventh inning home run to make it 5-2, but two double plays in the seventh and eight innings nipped other scoring threats.

Calvert Shelled Hard
Trout, who gave up five runs in his five-inning workout before being lifted for a pinchhitter, saw Hal White and Paul Calvert follow him to the mound.

White had pretty good success, but Calvert was shelled hard and often when he took over in the ninth.

Five hits accounted for three runs in that inning before Calvert retired the side with the A's ahead 8-2.

The A's, who bagged three home runs off Art Houtteman Tuesday night while losing the series opener 6-5 in 10 innings, got two more off Trout and they were enough to win.

Eddie Joost hit his No. 8 in the second inning with one man aboard to give the A's a lead they never relinquished. Elmer Valo, who got two Tuesday night, came up with No. 5 in the fifth inning to make things easier for Brissie.

Freddy Hutchinson (6-3) was named to pitch for Detroit in the series windup today, with Bobby Shantz (5-5) going for the A's.

Chapman's hit, Tom Draper of Detroit, will team with Perry Byrd of Birmingham, a veteran of previous Blythe field meets.

Dick Evans, Ohio amateur champ, and Jimmy Lohr, holder of the Wisconsin crown, also will play. They will have local partners.

Chuck Koesis is scheduled to compete with Herman Miller of Grand Rapids while Farley again will team with Ray Palmer of Detroit.

The fast-stepping Ann Arbor twosome, Roger Kessler and Bob Olsen of the University of Michigan, who went to the semi-finals last year, will have another shot at the crown.

Entries include golfers from 51 country clubs in 46 cities of the state and middle west.

BOXING MEET
COPENHAGEN—(P)—Sixty delegates from 26 nations, including the United States and the Soviet Union, convened today for the Congress of the International Amateur Boxing association. The association's medical committee met yesterday to discuss "measures against punch-drunkness."

John LaCosts Observe Their Golden Wedding

GARDEN—Mr. and Mrs. John LaCost of Garden who were married fifty years ago celebrated their golden wedding Sunday, June 11.

The observance of the day opened with a mass of thanksgiving at 8 at St. John the Baptist church at which Father Lewis officiated at the ceremony of the blessing of the marriage.

A dinner for the immediate family group was served at noon at the home of Mr. and Mrs. Regnold LaCost and a buffet supper for the family and out-of-town guests in the evening.

Open House

Open house was held at the farm home from 2 to 4 and from 7 to 9, during which friends and neighbors called to extend their congratulations. Centering the table was a five-tiered wedding cake iced in white with circles of golden yellow roses, and mixed flowers completed the decorative theme. During the afternoon reception Mrs. Gerald Frickleton, a granddaughter, modeled the wedding dress which Mrs. LaCost wore fifty years ago, with the fan and flowers which were accessories, and Schuyler Bartholomew sang "Put On Your Old Gray Bonnet", playing his own organ accompaniment.

The honor couple received many gifts in remembrance of the day, including gold watches. Their entire family was present with the exception of a grandson and included Mr. and Mrs. Edward LaCost, son, Ronald, and daughter, Mrs. Gerald Frickleton, of Iron Mountain, Mr. and Mrs. Regnold LaCost, Garden, and Howard and Elmer LaCost who live at home.

Guests from Away

Other out-of-town guests included their nephew, Edward LaCost, Jr., of Newport News, Va.; Miss Mary Constantineau of Escanaba; the Gerald Frickletons, Mr. and Mrs. Amie LaSalle, Mr. and Mrs. Howard Sandercock, Mr. and Mrs. Robert Reinhardt, Mr. and Mrs. Walter Mette, Mr. and Mrs. Leslie Brockington and family, Iron Mountain; Mr. and Mrs. Cyrus LaMothe and daughter and Mrs. Nick Kaufman of Niagara, Wis. Mr. and Mrs. Fred Ohlstedt, Nahma, Mrs. Louis Thibault, Rapid River and Mr. and Mrs. Albert Caron and James and Marilyn of Watersmeet.

Hospital

Mrs. Fred LaFleur, 325 North 20th street, has been dismissed from St. Francis hospital where she submitted to surgery and is recuperating at her home.

Editorials—

Selection Of Escanaba For 1951 OWAA Meeting Not By Chance

THE selection of Escanaba for the 1951 convention of the Outdoor Writers Association of America is a bit of good fortune not only for Escanaba and Delta county but for the entire Upper Peninsula of Michigan. This achievement, incidentally, did not come about by chance but represented the successful culmination of a long program of action by the Escanaba Chamber of Commerce and the Escanaba Daily Press, particularly by William J. Duchaine, the editor of the Escanaba Daily Press, and Hugh Grow, the secretary of the Chamber of Commerce.

The convention itself is an important one from the standpoint of its economic value to the community. Upwards of 250 national outdoor writers annually attend this meeting for a period of four or five days and it is certain that they will leave a lot of money in the community.

A more important and more lasting benefit, however, is the fact that it provides an unusual opportunity for nationwide recognition of Escanaba and the Upper Peninsula as a vacationland. These

writers are editors and contributors of newspapers and magazines with circulations that blanket the entire country. The stories that they will write before, during and after the convention will focus considerable national attention upon the great summer vacationland that is the Upper Peninsula of Michigan.

Recently Escanaba was the host to the outdoor writers of Michigan and writer guests from Ohio, Illinois and Wisconsin. We are already profiting by the publicity that those writers have given to the wall-eye fishing and other vacation attractions of our area.

Hugh Gray and William Duchaine not only did the spade work that was necessary for months in advance of the 1950 convention to bring the 1951 convention to Escanaba, but they also attended the meeting at Moosehead Lake, Maine, to carry the fight through to a successful conclusion.

It is because they are out of the city, en route back to Escanaba from the Maine convention, that we are able to publicly point out the excellent job that they have done and the fine public service that they have performed in planning and promoting the campaign to bring the national outdoor writers to Escanaba next year.

As we commented at the outset, Escanaba did not achieve this success by chance.

Murder-Rape Case Proves Urgency Of New Law

WALTER NOTH, 21 year old Detroit youth, who has confessed the slaying of Eugene Schaaf, of Detroit, and the rape of Schaaf's wife, has a criminal record of at least nine sex complaints by women and girls, in addition to six arrests for car thefts, auto tampering and assault and battery. Two of the assault and battery complaints involved his own parents.

Characters like this may be removed from society under the new sex deviate statute enacted by the Michigan legislature in the recent special session. The new law provides authority to retain in custody indefinitely persons arrested for sex crimes. Indeterminate sentences are provided in the statute, permitting the retention of prisoners as long as there are evidences that such prisoners would constitute a menace to society if released from prisons or hospitals to which they are committed.

The Schaaf tragedy proves the need for the approach to the sex deviate problem that was decided upon by the state legislature. Previous laws were not sufficient to hold a sex deviate from society after he had completed his fixed prison sentence. Many of these characters were released with the knowledge that they would soon again prey upon innocent victims.

Now that there is such a statute to protect society, it is the responsibility of law officers, the courts and the penal officials to see that the new law is utilized properly, that it serves the purpose for which it has been intended.

Other Editorial Comments

EASIER THAN SURGERY (Detroit News)

Medical research has long applied itself to the possibility of a solvent for stones in the ducts of the human body. No success has attended the hunt for an alternative to surgery in cases of gallstones.

The first intimation that the kidney stone in certain cases may be made to yield to chemical treatment is contained in a report to the American Urological Congress on the use of a sodium salt of an amino acid, a compound employed to scour boilers. With the reservations that conservative science attaches to all first findings, it is said the signs here are definitely encouraging.

Where complete dissolution is impossible, the indications are that the chemical may so reduce the stone in size as to permit surgery in cases put down until now as inoperable. This certainly is a step ahead in the medical conquest of pain. Only one who has endured the condition to which these researchers have addressed themselves can know the agonies it entails.

Questions and Answers

Q—Has the state of Kentucky an official bird?

A—Kentucky, in 1926, was the first state to adopt an official bird—the cardinal.

Don't Pick Up Fawns In The Woods

THE state conservation department has issued its annual warning to residents of the state that fragile fawns found in the forests should not be molested or befriended, even if it may appear that the young deer have been abandoned by their mothers.

The fawns generally are not lost nor are they orphans. The mother deer, wary of humans, disappears when people approach but generally she is nearby and will return to care for her young.

No pet permits are issued by the conservation department to any individuals for rearing wild fawns. Too frequently in the past fawns have been picked up in an apparent helpless condition and removed from the woods. In most cases, there are no facilities for caring for these animals. Regardless, fawns are always better cared for in the woods by their mothers than by humans.

Remember, you are not doing a kindness in picking up fawns in the woods. Also, you are violating the law if you do so and, in any case, you are needlessly inviting a lot of trouble for yourself and ultimately for the animal as well.

Annual Sessions Of Legislature Essential

SENATOR WILLIAM ELLSWORTH of St. Ignace, who talked to the Escanaba Rotary and Lions clubs here Monday, pointed out the need for annual sessions of the state legislature. This suggestion has been made from time to time but it was not until the recent special session of the legislature that the real need for this development came into sharp focus to the people of the state.

In a special session, the legislature can act only upon specific problems presented to it by the governor. Thus, the legislature is restricted in its actions and no matter how pressing a problem may be or how important to the welfare of the state, if the governor does not give his approval to consideration by the legislature, the lawmakers are powerless to act. This is not true, of course, in a regular session, at which the lawmakers can tackle any problem it may desire, regardless of the governor's viewpoint.

The management of the governmental affairs of a state as large and with as many complex problems as exist in Michigan is a big undertaking. It is apparent that the legislature should meet in regular session annually to consider those problems and to meet them. The present state constitution provides only for biennial sessions.

Our road problem undoubtedly would have been solved this year if the legislature could have acted upon it. Governor Williams proposed a corporation tax to meet the road needs, which the legislature refused to enact. The lawmakers favored an increase in gasoline and weight taxes, cognizant of the fact that Michigan's auto taxes are among the lowest in the country, but the governor would not permit consideration of this in the special session.

As a result, our road financing problem is still unsolved, despite the fact that good roads are recognized as indispensable to virtually everyone and every interest in Michigan. The county highway departments are lacking in funds to meet even the minimum maintenance needs and the state highway department likewise is short of the amount of money necessary to keep pace with increased highway traffic.

Vacation Argument By Gordon Martin

There's dissension in the family about this time of year, when the open highway beckons and vacation time is near. Then there has to be decision as to just what sights to see, but it's very soon apparent that the folks can't all agree. Everybody has a very special preference to voice, and they argue long and loud but somehow never make a choice.

Now it's Mother's thought that she would like to drive a southern trail, there to visit aging houses where some rare antiques prevail. And it's Sister's plan to swim and play at some gay lake resort, where her boy friend of the moment will with other friends cavort. Junior thinks a western dude ranch is the only place to choose, where a guy can ride and camp outdoors among the buckaroos.

As for Dad, he'd like a quiet time along some babbling brook, where he'd hear no phones and only have some sporty trout to hook. But because they can't agree on what they'd really like to do, they approach the year's vacation in an awful fuss and stew. When the time arrives, they've made no choice of travel trails to roam, and for want of early planning, they vacation right at home.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—The navy is itching to rip the "top secret" label from the most revolutionary weapon since the atomic bomb—the guided missile. Reason for the navy's itchy fingers is that it thinks guided missiles may make the big bomber as obsolete as the dodo.

Here are some of the facts which can be revealed without giving aid and comfort to the enemy:

1. The guided missile is guided unerringly to the target by radar echoes. If, for instance, a missile is fired five miles to one side of the target, it will automatically change its course while in the air and hit the target. The exact distance a homing missile will change its course remains a military secret; but the effect is that of a magnet drawing a bullet to the target. It cannot miss.

2. The joint chiefs of staff, including sober, cautious Gen. Omar Bradley, were so impressed by homing missiles they persuaded reluctant Secretary of Defense Louis Johnson to earmark millions for mass experimentation and production. Johnson has finally approved an order.

3. The navy in its new construction program now before Congress proposes two cruisers and a number of small vessels and submarines be converted into guided-missile carriers.

4. The navy has developed anti-submarine and anti-ship missiles which will dive under water and speed toward a fast-moving ship. This may make the transportation of troops almost impossible.

5. It will also be fairly easy to shoot down invading airplanes. Comdr. L. P. Ramage of the navy's guided-missile research reported to the secretary of the navy: "The highest priority goes to those missiles whose targets will be hostile aircraft. The pendulum swings one way and then the other. The guided missile shows promise of achieving a quantum jump in the effectiveness of weapons available to a task force against the bomber. Success is inevitable."

THE NAVY'S "LARK"

The only missile which can be described in print is called the Lark, of which the navy has manufactured and tested approximately 200. Originally developed as a counter-weapon to the Jap Kamikaze, the Lark has two liquid rocket engines, uses acid and aniline fuel, and can operate outside the dense oxygen layer of the earth's atmosphere.

When the Lark nears the target, a second and independent electronic system automatically picks up the target and guides the missile to it. A proximity fuse sets off the bomb. The Lark weighs 1,200 pounds and is 15 feet long. It has two pairs of wings at right angles.

It is a healthy fact that the air force, instead of bucking a navy development which may put big bombers out of business, is giving 100 per cent cooperation to the navy. In fact, the air force was so impressed with the Lark, it purchased 82 from the navy. It also went to bat with Secretary Johnson in demanding that funds be allocated for further developments.

Note—Another weapon in the navy's bag of scientific tricks is a pilotless ram jet plane. It operates on a radical principle—the more air it rams into, the faster it goes.

BASING-POINT LOBBY

A genial back-slapping lobbyist named Frank McCarthy is one reason administration ranks have been split wide open over the hot basing-point bill.

No relation to the Wisconsin senator, McCarthy is a graduate of Paul McNutt's old Indiana machine, and is now Washington lobbyist for some of the railroads which would profit by more cross-hauls under the basing-point bill.

McCarthy's infectious good humor helped to line up such Democratic bigwigs as Sen. Francis Myers of Pennsylvania, and spurred a nelder-statesman Sen. Joe O'Mahoney of Wyoming. He also claims an "in" with the White House because of his friendship with No. 1 Secretary Matt Connelly, another Irishman.

All week Mr. Truman has been pulled back and forth over the basing-point bill. First a group of small business, labor and farm leaders made a plea to Democratic Chairman Bill Boyle against the bill. Then Senators O'Mahoney and Myers and Mayor David Lawrence of Pittsburgh went to the White House and asked him to sign the bill.

One of the last to work on Mr. Truman was Rep. Raymond W. Karst of St. Louis, a foe of the bill, who saw the president while in Missouri.

Take My Word For It . . . Frank Colby

PRONUNCIATION

Delco: Please put the word faille through your excellent Pronunciation Clinic. I have heard it called "file," "fail" and "fail-ee."

A. If we are to take the dictionaries' word for it we will say "fail." That is the only pronunciation listed by all American dictionaries with one exception.

On the other hand, as I have pointed out repeatedly, dictionaries do not establish pronunciations. Their function is to report the pronunciations that are current among literate people.

But it often happens that the pronunciations which they recommend as "correct" are actually obsolete and never occur in modern American speech. Such nonsensical pronunciations remain in the dictionaries through inertia or faulty reporting, or both. This is the case with the word faille. People simply do not say "fail." The universal American pronunciation is file. I have made a careful survey among people in the furniture, dry goods, decorating, and kindred businesses. They tell me that "fail" is unknown in their industries and among their customers. The unanimous verdict is: Everybody says file.

It is incredible that this fact has escaped the learned professors who edit the dictionaries.

Carving is a lost art, says a writer. He should start reading the police news.

Still Holding the Floor in Washington

Retailers Cutting Costs Sharply As Profit Margins Show Slippage

(From Wall Street Journal)

Profit-pinch department store operators are swinging the cost-cutting axe as they've seldom swung it before.

The big retailers have cause for their action. For them the boom is booming but feebly. With folks like auto makers, home builders and TV set producers running open throttle, department store people find the going rough. Their nationwide sales for 1950 to date drag 3 per cent below a year ago. Their profit margins are in many cases approaching the vanishing point.

When Oscar Webber, president of Detroit's big J. L. Hudson Co. department store, said recently that a majority of department stores would have to trim costs to finish 1950 in the black, he spoke a piece pretty typical in his trade.

A Wall Street Journal 12-city survey finds the big retailers pushing their cost-slashing efforts into every phase of department store operation.

Fewer Salespeople

One of the easiest-to-spot changes—and one of the biggest money-savers—is in personnel. You'll probably note fewer salespeople in the future in your favorite department store, and there may be not so many behind the scenes in stock rooms, shipping rooms and at the wheels of delivery trucks.

But such changes won't mean poorer service, the stores contend. They say they're making better use of their fewer employees and are putting in machines to do more of the work.

One Los Angeles store has lopped off nearly 20 per cent of its help in the past year. Others in the West Coast city have cut their staffs about 5 per cent, and almost all agree that there's more of the same to come.

The phonograph record department of a leading L. A. store has trimmed its personnel from eight full-time employees and one part-time to five full-time and one part-time. The counting office as well as salespeople. The department's sales last month were 33 per cent below May, 1949 and 44 per cent under the like 1948 month.

Vacancies Aren't Filled

Lower employment doesn't always mean layoffs. One Boston store employs 5 per cent fewer than it did a year ago, simply because it hasn't filled vacancies when workers quit or retired.

A San Francisco store reports its personnel number just about the same as they did at this time last year, but more of them are part-timers. A Detroit store has put 500 full-time employees on a part-time basis since January.

And stores are doing more to make sure their employees earn their pay. Executives aim to put an end to a situation that may have salesmen idle in the men's wear department while others are working extra-hard in the toy division.

In Los Angeles, two stores are making more use of "mobile employees" or "contingent forces"—workers capable of selling in several departments. A big Midwest outfit is doing the same thing.

A top Pittsburgh retailer takes another tack on the overstaffing problem. It has rearranged work schedules. This store used to send one-third of its salespeople to lunch at 11 a. m., one-third at noon and one-third at 1 p. m. The result: At the time of day when business was best, a third of the force was off the job. Now the store brings in many of its sales clerks late in the morning and keeps them at work right through the noon-time rush. That way it's adequately staffed at all times. This store now hires its part-time help for only a few hours a day instead of a whole day at a time.

Stock Boys Are Pooled The effort to more efficiently use personnel isn't confined to the sales end of the business. A Pittsburgh store used to employ a stock boy and a messenger for every department; that way they

were often idle. Now they're pooled on each floor, and their time isn't wasted as much as it used to be.

In general, the trend is toward consolidation of jobs. A Cleveland store used to relieve its cashiers at lunchtime with people hired just for the relief work. Now salesgirls do the filling-in.

Another establishment in the Ohio city has done away with the desks that used to make change and wrap packages in some departments. Until recently 10 per cent of the departments still had such arrangements—now sales clerks do these jobs throughout.

A Philadelphia store has extended clerk-wrapping to almost half its packages from a former 20 per cent of those ready-to-carry.

In the hope of stimulating sales, the big retailers are taking pains to teach clerks how to sell. A Los Angeles executive says: "We now have far fewer sales people—they've gotta be top-notch." One store in that city has hired a "super-salesman" to pep-talk the staff frequently.

Classes in Salesmanship A Detroit outfit is going to run salesmanship classes for its sales staff two hours a week for a five-week period. A spokesman says, "We are going to study each one individually, testing constantly, to develop those who have salesmanship qualities, and weed out those who don't."

Some stores find they can hold down the size of their staffs by greater use of machines and gadgets. Early this year Wieboldt Stores, Inc., opened a branch in Evanston, Ill., that just about wraps up the latest store cost-cutting device in a single package.

"For instance," says President S. L. Hynes, "our U-Ask-it system provides convenient call boxes in about six places on every one of the four selling floors. A customer who can't find the item she wants or the department she's looking for, only has to pick up the phone and ask the centrally-located operator where it is. The operator has a map in front of her which shows where the customer is calling from, so she can direct her intelligently."

"We only need two girls to operate the system for the entire store. If we tried to duplicate that service on each floor, we'd need about 24 girls throughout the store."

Self Service Hardware Wieboldt's Evanston store has self-service food and hardware.

Letters From The People

Bathing Beach

Dear Editor:

I noticed in the paper that the Gladstone beach is already opened but the Escanaba beach is not opened yet and I was wondering when it would be opened and where.

The water may not be hot enough now for a lot of swimmers but it's just right for me. I've been in swimming several times already this year and am beginning to wonder if we are going to have a municipal beach this summer.

Local Resident

(Editor's Note: The city recreation department reports that the city beach will be opened on the north shore of Sand Point (same location as last year) on June 22, but that lifeguards will be assigned to the area starting June 19 to prepare the beach for the official opening. The new beach at Ludington Park will be opened about mid-July, when work is completed on the beachhouse project.)

Of all the riches that we hug, of all the pleasures we enjoy, we can carry no more out of this world than out of a dream.

departments, and Mr. Hynes reports the eight salesmen now in the hardware department can give more effective service than twice as many in a department that isn't self-service.

Other cost-cutting arrangements in the new Wieboldt store: A conveyor-and-chute system that sends purchases to a central point on the main floor, and thus helps cut down requests for delivery service.

The "perimeter stock room" surrounding each selling floor, instead of a single stock room in the basement. Because merchandise goes directly to a point near where it's sold, separate handlings of a given item may be reduced from 12 to 4.

Moving in the same direction, Chicago's Carson Pirie Scott & Co. this week opened an 11½-acre, one-story, one-roof warehouse. Because the goods will no longer have to ride elevators, Carson's expects the new building to handle 50 per cent more merchandise than its old one, even though the new warehouse has no more floor space.

With freight rates zooming since the war, shipping costs have been a big part of the department stores' recent rise in expenses. So they're a natural target for the cost-cutting drive.

A Detroit store says it's saving 50 cents a hundred pounds on shipments from manufacturers by rerouting them by less expensive means, and by carefully checking shipping charges.

In Los Angeles, a store official reports: "We are eliminating the more rapid modes of transportation, except in absolute emergencies." Stores in that city have almost ruled out air freight for shipments from manufacturers.

Shipping Pools Formed Retailers in many parts of the country are banding together to keep down shipping charges. In New York City, 25 stores have formed the Metropolitan Traffic and Receiving Group. A single store's shipment, might be enough to fill only half of a railroad freight car, and railroads charge higher rates on less-than-carload lots. By pooling their shipments from manufacturers, the stores' cars can be fully loaded. This way, the New York group figures it can cut Chicago-New York rail freight charges on a shipment of shoes, for example, from \$3.20 to \$2.19 a hundred pounds. All the members share the savings equally.

So also is the resurrection of the dead. It is sown in corruption; it is raised in incorruption.—I Cor. 15:42.

Self-condemnation is God's absolution; and pleading guilty, acquittal at his bar.—Barclay.

For I will give you a mouth and wisdom, which all your adversaries shall not be able to gainsay nor resist.—Luke 21:15.

What must be the knowledge of Him, from whom all created minds have derived both their power of knowledge, and the innumerable objects of their knowledge? What must be the wisdom of Him from whom all things derive their wisdom?—Timothy Dwight.

In all thy ways acknowledge him, and he shall direct thy paths.—Proverbs 3:6.

Your riches are corrupted, and your garments are moth-eaten.—James 5:2.

And laid them down at the apostles' feet: and distribution was made unto every man according as he had need.—Acts 4:35.

Good Evening . . .

By CLINT DUNATHAN

PERSONALITY — A few days ago we again met Gunnar Back, son of John S. Back of Escanaba, who with his family is home on a visit between radio assignments.

Gunnar has a hearty, sincerely friendly approach to folks in all walks of life. He is the sort who would be at home in so-called high society or while chatting with Joe Blow over a cup of coffee at the kitchen table. Without pretense as the boy from our town who made good on the air waves, he nevertheless has a record of accomplishment that is impressive.

For his interest in radio broadcasting dates back to his college days, when he divided his extra-curricular time between the college newspaper and radio appearances.

SPECIAL SHOW — Through the years Back went into the radio network bigtime, became successful as an announcer, master of ceremonies on radio shows—and really hit his stride about five years ago when he began broadcasting on public health problems over CBS's WTOP in Washington, D. C.

His pioneer programs on venereal disease won a national award. His venereal disease broadcasts, aimed at helping wipe out the disease, are now heard by transcription on radio stations in six states.

Back won a second national award two months ago for a series of nine broadcasts on "Alcoholism in Washington," a study of problem drinking and the help available to problem drinkers in Washington.

The series featured the voices of Alcoholics Anonymous and the Washington Alcoholics Clinic. The programs were sponsored by the Washington Evening Star and the District of Columbia health department.

He had not been in Escanaba long when the local unit of the AA, a young but flourishing organization, saw in Back an opportunity to reach a still wider audience with its program of assistance to the alcoholic.

Back arranged an interview program, broadcast Tuesday night over WDBC. If you didn't hear it you missed an informative and (God help us put fuller meaning into the phrase) an inspirational show.

AS IT STANDS—We have talked to you before about the men and women of Alcoholics Anonymous, told you of some of their meetings, and tried to convey the faith and hope and charity they expressed.

Gunnar Back did the same thing in his AA interview program. One of the members of his special panel was a non-alcoholic, the wife of a man who recovered through AA. She discussed the kind of thinking that wives and mothers can do to help alcoholic members of their family.

Before we go on, it might be well to announce that we are not a member of the AA, although we do belong to a number of other organizations doing far less for their fellow men. We make this statement largely to end some speculation that we are an AA member because of our espousal of the AA program.

JUST HELPFUL—But Gunnar Back is the subject of this column, so let's continue.

He explained to the radio audience that Alcoholics Anonymous has a membership of nearly 100,000 men and women in groups throughout the world.

Its purpose is to help all alcoholics in every walk of life who find they cannot stop drinking and want assistance in achieving sobriety. It is not concerned with persons who can drink without difficulty, and it takes no position either for or against their use of alcohol.

THE BROAD FIELD—So Gunnar receives national attention for a series of public health programs and is on call in his old home town—because there is no limit to the field of unselfish service.

This is a good word from any viewpoint. His friends in Escanaba wish him well.

In the words of Variety, the magazine that rates workers in the theater, the screen and radio, Gunnar Back's "Alcoholism in Washington" sets a new high for public service crusades.

Into The Past

10 YEARS AGO

Tours, France—The main armies of France fell back tonight far below abandoned, German-invaded Paris in a fighting retreat that may be their last movement of the war.

New York—Carrying an estimated \$1,000,000 cargo of food, medical supplies and hospital trucks, the American Red Cross "mercy ship," McKeesport will sail tomorrow for France. Large Red Cross emblems have been painted on the ship, with spotlights to make them visible at night. At Bordeaux, trucks will distribute the cargo to various refugee centers in Southern France.

Escanaba—Virgil Wise, a member of the faculty of Central State Teachers college, will arrive today to conduct the summer workshop in progressive education at Wells, June 24 to Aug. 2.

20 YEARS AGO

Washington—Congress today completed its lengthy labors on the Hawley-Smoot tariff bill and approved the measure by a vote of 222 to 153. It is expected President Hoover will sign the bill next week.

Munising—A crowd of at least 2,000 persons standing in the muddy ground of the ball park witnessed the public marriage of Miss Lillie Bonner and Leo Dale Maxon, both of Munising, at 10 p. m., last night, at the conclusion of the three-week stand of the Tonnel medicine show. Justice William Clark of Wetmore performed his first marriage ceremony when he united the couple.

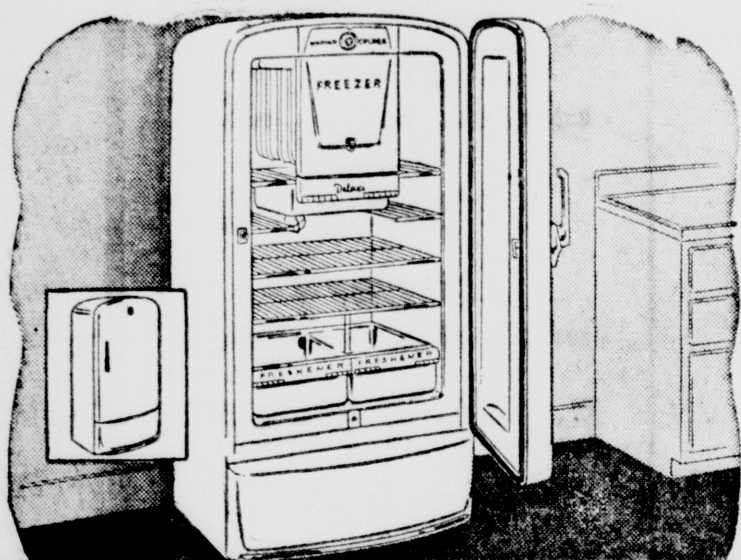

Escanaba—Miss Pearl Charlotte Olson, 610 Stephenson avenue, who recently closed her music classes here, has left for Chicago to study at the Chicago College of Music.
